MADISON — NEW JERSEY
1936

F O R E W O R D . .

This is our thirty-third annual catalogue, and with it we send you our best wishes and thank you for your patronage and good will in the years that have passed.

The newest things in Chrysanthemums, Carnations, Roses and Perennials will be found in this catalogue, and we feel that we have a closer contact with Novelties and novelty raisers than any other house in the country.

The trend in Chrysanthemums is towards the Anemone, Single, and Pompon groups. Our new varieties this year received many awards, including two Gold Medals; we can say without egotism that we have the world's best!

Our Roses also received Gold Medals and awards at all the principal exhibitions in the country.

If you don't know our Delphiniums you have a treat in store. Our plants are the products of the finest strains in the world.

We are always glad to meet our customers and friends at Madison, New Jersey, at Central and Ridgedale Avenues. However, if your time is limited and you are in New York, we maintain an office in the "Gardens of the Nations," 11th floor, 30 Rockefeller Plaza, New York City, where we have a representative at all times to take care of your requirements.

Yours for Better Gardens,

Lottys

MADISON, NEW JERSEY

NOVELTY INTRODUCTIONS FOR 1936

H. E. TRUMAN

A tremendous imported English variety absolutely glistening white in color. It is one of the largest 'Mums we have seen this year, and is a strong, healthy grower. The picture does not do justice to its size. The whole ensemble of the flower gives a very beautiful effect. Height 5 feet; bud as soon as possible after October 5. Price: \$2.00 each per plant, \$20.00 per dozen.

NOVELTY INTRODUCTIONS FOR 1936

ILO (Department of Agriculture)

A beautiful flower reminding older exhibitors of the marvelous variety we had many years ago, Lady Hopetoun. It is identically the same shade of color, with petals twisting and interlacing in the most pleasing manner. We predict that this variety will take the place of any pink now grown for the exhibition table. Take bud August 20 for best color. Height 4 feet. **Price: \$2.00 per plant, \$20.00 per dozen.**

NOVELTY INTRODUCTIONS FOR 1936

DAVID I. KELLY (Knipe)

A tremendous flower of light tan; the later buds are flushed with pink. The neck of the flower is rather long and not exceptionally strong, but this should make a splendid variety for the short vase classes. Take bud August 20. Height 4 feet. **Price: \$2.00 per plant, \$20.00 per dozen.**

NOVELTY INTRODUCTIONS FOR 1936

BEATRICE LILLIE

A most beautiful flower of salmon-buff with bronzy reddish dustings over the petals. This variety was the universal favorite of the year with 'Mum connoisseurs. Take bud August 20. Height 4 feet. **Price:** \$2.00 each per plant, \$20.00 per dozen.

NOVELTY INTRODUCTIONS FOR 1936

COLONEL HORACE M. HICKAM (Knipe)

This variety was the winner of the medal of the C. S. A. in Detroit this year as the best seedling of the show. It is an improvement on Yellow Turner in every way, but very much finer in form and color. Take bud August 20th onwards. Height 5 feet. **Price: \$2.00 per plant, \$20.00 per dozen.**

NOVELTY INTRODUCTIONS FOR 1936

RICHARD BEATTY MELLON (De Petris)

A very large dull bronze in color somewhat resembling "Gladys Pierson." It measures 8 to 9 inches in circumference and is fully double from either second crown or terminal buds. It is a very easy and vigorous grower attaining a height of five feet from cuttings taken the end of March. Possesses excellent substance and matures October 25th. Do not reserve buds until the end of August or first part of September. We have found best results from buds taken August 30 to September 5th. We consider this an excellent variety in the much needed early bronze varieties. **Price: \$2.00 each per plant, \$20.00 per dozen.**

STANDARD VARIETIES EXHIBITION CHRYSANTHEMUMS

Price: 3 plants 75c, \$3.00 per dozen, \$20.00 per 100. Our selection 100 plants \$15.00.

These are the giant exhibition varieties that are the feature of the fall shows. Some of the types such as Friendly Rival and Marie de Petris are also fine for commercial growing, but as a rule the Exhibition 'Mums are not grown to any extent for the market.

Armistice Day

AMBASSADOR

Early large flowering white Chrysanthemums, with fine stiff stem holding the bloom erect without artificial support. Oct. 25th.

ARMISTICE DAY

The crimson color is exquisite, as every petal reflexes, showing the flower to its best advantage. The reverse is a brilliant gold. Crown bud, August 20. Height, 4 to 5 feet. Nov. 10th.

DR. J. M. INGLIS

A rich wine purple amaranth with a silver reverse. The petals are loosely incurved. Nov. 1st.

DAILY SKETCH

Color a brilliant pomegranate pink with a silvery reverse, and a decided improvement on "Lord Kitchner" in every way. Late crown bud the last week in August. Height, 4 feet.

ELBERON

A large, incurved clear pink with wonderful foliage and stiff stems. Not a tall grower, but a very fine variety. Nov. 1st.

FRIENDLY RIVAL

The finest yellow for Thanksgiving and about the brightest yellow it is possible to produce. Bud taken September 20th. Height, 4 feet. Nov. 1st.

STANDARD EXHIBITION TYPES

Price: 3 plants 75c, \$3.00 per dozen, \$20.00 per 100

GRACE STURGIS

An enormous flower of rich wine red with a pinkish silver reverse. Should not be fed freely. Crown bud August 25th. Oct. 20th.

GOLDEN MAJESTIC

A pure glowing golden yellow, sport of the ever popular "Majestic." Bud taken August 25th. Height, 4 feet. Nov. 1st.

J. R. BOOTH

This is the golden yellow sport of Nagirroc which is too well-known for further description. Height, 4 feet. Crown bud, August 26th. Oct. 28th.

LADY MILLER

A strong robust variety with a stem like iron. Every petal falls naturally into place, and the foliage is carried right up into the flower. In conformation, the flower looks like "Yellow Pockett," but is a beautiful clear canary yellow color. Should not be overfed. Height, 3-4 feet. Any bud after Aug. 15th. October 25th onward.

LANCASHIRE

A reflexed clear yellow Chrysanthemum, one of the best of the type. The neck on the early bud is perhaps a little long, but a later bud August 25th to 31st, gives splendid results. The foliage is large and handsome, and the growth particularly strong. Height, 5 feet

LOUISA POCKETT

Color purest possible white. Flower, stem and foliage are alike enormous. Plants need plenty of room to develop. Certificated C. S. A. Height, 5 feet. Oct. 28th.

MAJESTIC

Clear, shiny amber bronze, a very brilliant shade of color, and a most attractive variety. Nov. 1st.

MARIE DE PETRIS

A wonderful incurved commercial variety of intense yellow, deeper in color than Golden Glory. Foliage right up to the flower. Nov. 15th.

MARIAN H. UFFINGER

Color is a dazzling bronzy crimson with a gold reverse. The bloom is reflexed in appearance, but the tips of the individual petals incurve, showing the gold reverse in a very distinctive manner. Take bud August 20th to 25th. Height, 4 feet.

MRS. J. LESLIE DAVIS

It is absolutely identical with Turner in every respect save color, which is a clear lavender pink. The growth and habit are a duplicate of the original parent and no other description is necessary. Height, 5 feet.

MRS. B. D. SPILMAN

An apricot orange. The rich color, and graceful reflexing petals impress one very much, and this is a variety that gives satisfaction to every one who grows it. Bud August 20th. Height, 4 to 5 feet. Oct. 28th.

NAGIROC

Finest exhibition bronze we have ever distributed; color, deepest glowing orange bronze, 45 inches in circumference. Height, 5 feet. Any bud after August 15th. Oct. 28th.

NELLIE MITCHELL

A tousled-headed giant, running five to six feet in height. A yellow suffused with bronze in color, and the best results come from buds taken the last days in August, as the earlier buds are not nearly so large or of such fine color. Height, 5-6 feet. November 1st onward.

MRS. H. S. FIRESTONE

It is wonderfully massive, stem perfectly rigid and foliage right up to the flower. Color pinkish, chamois-buff. This variety will be found invaluable in the classes calling for "any other color" in the exhibitions. Height 4½ feet. First bud after August 15th.

MRS. FRANKLIN D. ROOSEVELT

A large yellow, very tall in growth and must have liberal space and ample ventilation to be of value. Mature November 10th to 15th.

RED MAJESTIC

The novelty bronzy-red sport of the popular "Majestic" is highly recommended. It resembles the parent plant in all respects, except color. Height, 4 to 5 feet. Take first bud after August 25th. Nov. 1st.

SOUTHAMPTON

Canary-yellow flowers of immense proportions. The florets on this variety are particularly strong, and hang straight down from the flowers, reminding the old timers of the original "Mrs. Thirkel," which was for years the leader in this color. Terminal bud August 15th. Height, 4 feet.

THOS. W. POCKETT

This is a lovely clear pink with incurving tips, which has in its color every desirable attribute. We suggest a late bud the last days in August to give a perfect flower and color. Height, 6 feet. Nov. 1st.

VERMONT

A most welcome addition to our exhibition list of pinks. The flowers are of enormous size, reminding one very much of the old variety, M. L. Rosseau. Bud August 1st to 15th. Height, 5½ to 6 feet. Oct. 28th.

WHITE VERMONT

A blush white type of the ever popular Vermont; particularly valuable for the exhibition grower. "Vermont," consistently year after year stands at the head of its class and we are sure that "White Vermont" will be a welcome addition and as such, should be valuable to the exhibitor. Height, 5 feet.

WM. RIGBY

The yellow sport of Mrs. Gilbert Drabble; color, beautiful bright canary yellow. Exact duplicate of Mrs. Gilbert Drabble in every way, except color. Oct. 25th.

WILLIAM TURNER

The best variety we have ever introduced; it creates a sensation at the shows. Makes a perfect ball of the purest possible white. Nov. 1st.

WILLIAM H. WAITE

Color, deep warm bronze, so brilliant as to seem almost shading to scarlet in some of the flowers. Bud around August 25th. Height, 4 to 5 feet. Oct. 28th.

YELLOW WM. TURNER

A light yellow sport from Wm. Turner; identical with its splendid parent in every respect. Nov. 1st.

YELLOW POCKETT

A duplicate of Louisa Pockett in every way save color—every exhibitor simply must grow it. Oct. 28th.

"Nagirroc"

STANDARD VARIETIES COMMERCIAL CHRYSANTHEMUMS

Price: 3 plants 50c, \$2.00 per dozen, \$15.00 per 100. Our Selection 100 Plants \$12.00

The following are grown mostly for the market trade. Florists grow many other varieties outside of these, here listed, and we can supply you with them but it is necessary to keep our list trimmed down to the newer types to keep it from becoming too long.

Types of Commercial Chrysanthemum

BETSY ROSS

Finest mid season white. Oct. 25th.

CELEBRATION

A glistening yellow. Oct. 30th.

CORONNA

A beautiful golden yellow. Oct. 25th.

DETROIT NEWS

Golden bronze. Oct. 25th.

EARLY FROST

Popular early white. Oct. 20th.

GLADYS PIERSON

Apricot orange. Nov. 15th.

GOLDEN MISTLETOE

Light yellow sport of Mistletoe. Nov. 15th.

GOLDEN BRONZE

A wonderful shade of golden bronze. Oct. 30th.

GOLDEN MEASURE

A clear yellow dwarf grower. One of the best yellows coming into bloom after "Sunglow." Oct. 25th.

GOLD LODGE

The best early yellow. Oct. 10th.

HARVARD

Japanese reflexed, very dark crimson. Nov. 15th.

HILDA BERGEN

Deep rich mahogany bronze Oct. 25th.

INDIANOLA

Finest of the early bronzes. Oct. 5th.

JUSTRITE

Large early pink. Oct. 15th.

LUSTRE

Beautiful shade of lavender pink. Oct. 15th.

MISTLETOE

Blush white, strong upright growth. Nov. 15th.

MONUMENT

Pure white. Nov. 1st.

MRS. A. M. CALKINS

Improved Golden Chadwick. Nov. 15th.

MRS. NELLIE T. ROSS

A light yellow, possibly a shade lighter than Major Bonaffon. Matures end of November into December.

OCTOBER ROSE

Large incurved pink. Oct. 20th.

PINK MISTLETOE

A late pink sport from Mistletoe. Nov. 15th.

SUNGLOW

A bright yellow like Major Bonaffon. Oct. 10th.

SILVER DAWN

A very late commercial white that produces 100% perfect flowers. The growth is very free, foliage medium in size, permitting the plants to be grown closely together; a necessity in these days of low prices.

YELLOW EARLY FROST

The yellow companion for Early Frost. Oct. 25th.

YELLOW GLADYS PIERSON

Clear yellow sport of the popular Gladys Pierson, "blooming for Thanksgiving." Nov. 15th onward.

NOVELTY ANEMONE INTRODUCTIONS

THE Anemone types are becoming increasingly popular. We have been talking Anemones for twenty years and have introduced most of the sorts at present being grown. Anemones are very hardy, such sorts as Norma, Mrs. J. H. Ballagh, and Mrs. B. S. Mechling, etc., flowering wonderfully outside. Get acquainted with the Anemones if you do not know them.

Price: \$1.00 per plant, \$10.00 per dozen

Mrs. Benjamin S. Mechling

CORAL BLAZE (De Petris)

A very late Anemone about 5 inches across when disbudded. Color a warm orange bronze. In habit of growth it is very sturdy. It matures early in December.

MAUREEN

A brilliant scarlet, like Red Bird in type, with its small flowers but with more orange-bronze shadings than there is in Red Bird. This variety will be just as popular as its predecessors.

LITTLE AMERICA

A gorgeous, glistening white Anemone growing in sprays; very lovely and unusual.

KATHLEEN

A lovely Cattleya pink Anemone with quilled center of pale pink. The tips of each individual petal is edged with gold. Grows in sprays, and is a variety that we strongly recommend.

ELIZABETH

A splendid light pink, on the order of Tuxedo, but with higher and fuller center. The largest flower of its type; it was exhibited by Mr. Joseph Tansy in excellent condition. It comes in just right for the fall shows and will be one of the most sought after, once it is better known.

STANDARD ANEMONE CHRYSANTHEMUMS

Price: 3 plants 75c, \$3.00 per dozen, \$20.00 per 100

BETTY ROSE

Beautiful shade of light dazzling pink with pinkish yellow cushion. Nov. 10th.

BLANCHE

An improved form of Garza. A very attractive white flower of splendid habit. Oct. 25th.

BUFF QUEEN

A large Anemone flower of bronzy buff, flowering November 1st.

CAPTIVATION

A beautiful, large flowered Anemone. The color is a brilliant mahogany red. The cushion is very large and well placed. Nov. 1st.

CRIMSON GLOW

A true crimson red Anemone with the cushion slightly tipped gold. The flower attains a size of about 4 inches across, growing 8 to 10 blooms to a plant. Nov. 5th.

CHINA ROSE

Splendid variety of the Anemone type. The color is Dragon's blood red. The growth is particularly dwarf and robust with foliage carried right up to the flower. Nov. 1st.

EVA LE GALLIENNE

Crushed raspberry with a brilliant tufted center of clear gold. The color crushed raspberry is very unusual in Chrysanthemums, but of course, is well-known in Gladioli and the silk industry. The outer petals are particularly charming and in contrast with the loosely arranged high centered cushion, it forms a most attractive ensemble. Oct. 25th.

GRAF VON ORIOLA

Color pure rose pink; tubular petals in center tipped gold; ends of the outer petals incurve slightly, making a bold and striking appearance. Nov. 1st.

INNOCENCIA

Outer petals of pure white; central petals most beautifully flushed pale pink; edges of the tubular petals in center of light yellow. Oct. 25th.

LAVENDER QUEEN

When this flower first opens, it has certain shades of blue in it, that somewhat fade, as the flowers develop. Nov. 1st.

MRS. BENJAMIN S. MECHLING

A beautiful shade of tangerine orange and truly one of the handsomest Chrysanthemums we ever introduced both in color and type. A variety that will be popular with both professional and amateur growers for many years to come.

STANDARD ANEMONE CHRYSANTHEMUMS

Price: 3 plants 75c, \$3.00 per dozen, \$20.00 per 100

The Titan

MRS. J. H. BALLAGH

An even shade of Cattleya pink with straw yellow cushion. A medium sized Anemone. Very healthy light green foliage of medium size. Stem dwarf and very rigid Oct. 20th.

MRS. JOHN SHIELDS

Beautiful sulphur yellow Anemone with a deeper lemon yellow boss in the center. This variety does not show its true character unless disbudded, but can be grown in sprays, if a person does not wish exhibition type flowers.

NORMA

A large flowering show Anemone. Color a delicate pink with bronze yellow cushion. Matures Oct. 25th onward.

ORANGE GLOW

This is a brilliant shade of rich orange, with a deeper salmon yellow cushion. This is a very handsome shade and one that will be very popular when better known. A very fine grower, with handsome foliage. Oct. 25th.

ORCHID BEAUTY

A deep Cattleya shade of pink with high cushion of pale gold, making a most pleasing contrast. Was very much admired by the visitors to our greenhouses this fall. Matures about November 10-20.

PURPLE QUEEN

An aster purple Anemone with a lighter reverse and the cushion florets tipped with gold. An exquisite variety when grown with white flowers, for which it is a most pleasing contrast. Individual flowers 3 inches diameter with eight or nine flowers grown on each spray. Matures Nov. 15 to 20.

RED BIRD

Deep ruby red with green, golden crested center; when slightly disbudded and grown in sprays this makes a magnificent variety. Oct. 25th.

ROLINDA

A reddish bronze Anemone with very crisp formal petals reminding one very much of the decorative types of Dahlias. A very beautiful outstanding variety, and one that can be successfully planted outdoors. Nov. 1st.

ROSE MADDER

A deep rose-pink Anemone with the center cushion so prominent as to practically obliterate the outer row of petals. This deep old rose color is becoming very popular again this season. Splendid habit. Oct. 25th.

SILVER STAR

A glistening snow-white Anemone, throwing small flowers in great profusion in well formed sprays. An easy grower and its great productiveness makes it a most desirable variety. Nov. 5th.

SURPRISE

Brilliant rose pink; one of the largest and very finest in this section. Nov. 1st.

SUSANNE MILLER

A golden yellow sport of "Norma," identical to its parent in every way, excepting color. Nov. 5th.

TUXEDO

A lovely shade of Enchantress pink. This variety was grown by the originator for years, but not generally distributed. One of the daintiest shades of color it is possible to procure in Chrysanthemums. Nov. 1st.

THE TITAN

Tangerine bronze. A very exceptional color of indescribable brilliance. Wonderfully clean grower, with fine foliage throughout the season. Oct. 25th.

ADDRESS ALL CORRESPONDENCE TO "TOTTY'S, MADISON, NEW JERSEY"

POT PLANTS AND DECORATIVE VARIETIES

Price: 3 plants 75c, \$3.00 per dozen, \$20.00 per 100

Mayfield Sunrise

AUTUMN GOLD

Very rich golden yellow; the color is very striking, glistening in the sunshine. Very vigorous habits of growth. Can be grown either disbudded or grown dwarf, as a pot plant, and it is a very beautiful subject. Oct. 15th.

LIZZIE ADCOCK

Deep yellow sport of Source d'Or.

MAYFIELD SUNRISE

A lovely shade of old-rose, which perhaps attracts more attention on account of this unusual color, than any other variety. This is an English importation, that will repay the cultivator looking for the unusual. Can be either grown as a pot plant or individual specimen. If grown as an individual specimen take the bud September 1st, and later. Height, 2½ to 3 feet. Oct. 30th.

SOURCE D'OR

Sometimes called "Golden Feather," Deep reddish bronze.

THE FAVORITE

Pure white incurved flowers freely produced with a very healthy habit of growth and wonderful stiff stems. One of the valuable varieties for Christmas work. Oct. 25th.

FEATHERY VARIETIES

Price: 3 plants 75c, \$3.00 per dozen,
\$20.00 per 100

Unique

FUGI (The Wisteria)

The largest of the entire set; pale lavender in color.

JIJITSU

Half the petal is white and the other half deep pink. Spidery type.

UNIQUE

A flower that is well named, for it is the most unique Chrysanthemum we have to present to our customers. The color is rich wine red and the thin quilled petals stand stiffly out from the center of the flower, making it the largest of any spidery variety introduced. A tall grower, and for this reason should be planted late.

PATRICIA GRACE

An exquisite variety for lovers of 'Mums, who are looking for the unusual in this flower. The color is a lovely shell pink and the petals are large and tubular in shape, standing straight out from a common center.

HARDY GARDEN SECTION

Price: 3 plants 75c, \$3.00 per dozen, \$20.00 per 100

THE number of special forms of Hardy types is bewildering. The new Korean types, for instance, are proving most acceptable and charming. The outdoor Chrysanthemum is most certainly coming into its own; you should stock up with the newer kinds and enjoy weeks of pleasure in a garden full of flowers at a season when the garden begins to look bare. A splendid way to do this is to have your plants growing in pots or in a service garden. They lift perfectly and move with little trouble. Try this and you will thank us for the suggestion.

EARLY FLOWERING CHRYSANTHEMUMS

The cultivation of these 'Mums is simple; plant them in a rich well-drained piece of ground setting out the plants a foot apart and pinching them once or twice during the months of May or June. They will branch out and make beautiful bushes and give the cultivator more return for the labor expended than any plant in the garden. There is a place for this type of 'Mum in every garden in America, whether one has greenhouses, frames, or grows them in the open garden.

Hardy
Chrysanthemums

ALADDIN

The earliest flowering Chrysanthemum, coming into flower in some sections the middle of August, and continuing to flower throughout September. Brilliant warm bronze in color. Flowers all the time.

A. BARHAM

A beautiful orange bronze and the first variety of this color to come into flower. Shows up wonderfully well under light when used as a decoration. Oct. 10th.

CHAS. JOLLY

Bright, rosy pink, splendid variety and popular with everyone. Oct. 15th.

FIRELIGHT

Brilliant carmine, shaded with scarlet. In perfect condition to cut October 1st, either outdoors or under glass. The earliest and best thing in its color.

FRANCES WHITTLESEY

Rich bronzy-garnet. A very fine addition to the Early Flowering sorts. Flowers in late September continuing on through the entire month of October.

JAMES HAMPSON

Creamy-white shaded lemon-yellow in the center. The footstalk is particularly strong, holding the flowers most erect. Requires practically no disbudding, and it is an ideal plant to grow for the market. Oct. 15th.

NORMANDIE

Creamy white, magnificent variety. The earliest and perhaps the best. Oct. 15th.

OCTOBER GIRL

Clear rose-pink, in full flower by October 1st. Individual flower two inches across with several growing on the same stem. Oct. 15th.

PINK CUSHION

This variety is also known as the Azalea 'Mum and Amelia besides many other names. It is a beautiful shade of true pink Chrysanthemum and is the admiration of everyone who sees it. The flowers begin to bloom in early September until heavy frost, ideal also for Rock Garden work.

RUTH CUMMINGS

A very fine outdoor Chrysanthemum of rich bronzy terra-cotta in color. This is a variety that is generally liked by all visitors. Oct. 15th.

RUTH HATTON

Very vigorous prolific Chrysanthemum with ivory-white flowers. In full bloom October 10th. A splendid variety.

YELLOW FROST

The bright yellow variety of the ever popular Early Frost, coming into flower early in the season. Oct. 20th.

YELLOW NORMANDIE

Comes into flower in mid September and continues to produce fine sprays of bloom six weeks or longer. Its dwarf habit and luxuriant foliage endears it to all lovers of outdoor Chrysanthemums, and the illustration will give a good idea of its freedom of growth. The color is a clear light bronzy-yellow. Oct. 10th.

THE GARDEN CHRYSANTHEMUM

Oh "Queen of Flowers" in the fall
We almost think you best of all,
When all your friends are dry and dead
'Tis then you lift your stately head
And march in wonderful array
To brighten each October day.

In dull November still you're here
And even in December, drear,
In some warm nook we find a bloom
To soften Winter's coming gloom,
More precious than than all the wealth
Of summer garden's brilliant health.

All color schemes are found in you
Excepting those including blue,
Your bronze and gold, your pink and white
Are dazzling in the fall sunlight.
While reds and purples, dark and clear,
Close the procession of the year.

—Haidee P. Michie.

February 4th, 1935.

For names and descriptions see following page

NEW EARLY KOREAN HYBRID CHRYSANTHEMUMS

THE following varieties have been selected from 25,000 seedlings, not alone for their beautiful color and variations in form, but most particularly because of their flowering tendencies, because they flower at least two weeks earlier than any other 'Mum heretofore offered by any other concern. They begin flowering very early in September and continue to do so well through October. These Korean Hybrids are not alone very dainty in the growing habits but are the hardiest type it is possible to grow.

Price: 50c each per plant, \$5.00 per dozen

NIOBE

A vigorous healthy plant of dwarf compact habit. Flowers over 2½ inches in diameter, of a clear, glistening white with yellow disc are freely produced fully covering the plant.

SAPPHO

Compact dwarf plant covered with good sized pure yellow single flowers.

JUNO

Very dwarf compact plant, producing an abundance of single flowers opening a coppery red, and fading with age to a salmon flesh.

VESTA

A plant of medium height and great vigor literally covered with flowers over 2½ inches in diameter of a deep golden orange shade, almost a duplex.

NYSA

A large rather tall upright plant growing 2½ to 3 feet in height and producing a great abundance of single flowers 3 inches in diameter. The color is a very clear rosy lilac.

FORTUNA

Very vigorous plant of medium height and covered with unique curly petaled ox-blood red flowers 3 to 4 inches in diameter. Very striking.

THALIA

A compact bushy plant growing 18 to 24 inches in height. The duplex flowers are of a lively orange shade and excellent form.

PSYCHE

Wonderfully dainty 4 to 5 inch single blooms are produced with wiry stems on strong healthy plants of medium height. Color, a clean lively shell pink.

CLIO

Dwarf compact plant of pleasing habit of producing masses of deep carmine rose duplex flowers.

HESTIA

The nicely formed semi-double flowers are very freely produced on compact bushy plants of medium height. The color is a very delicate rose pink with a white halo around the small yellow disc.

CHRYSANTHEMUMS MORIFOLIUM

A very congenial companion to the early flowering Korean Hybrids is this beautiful species from the Orient. A vigorous free branching plant of very symmetrical habit producing hundreds of one to one and a half inch single pink flowers beginning about the middle of September. Wonderfully useful either in the border or rockery. Price: 50c each per plant, \$5.00 per dozen.

**SPECIAL
OFFER**

One plant each of the above eleven
varieties, including Morifolium for

\$5.00

KOREAN CHRYSANTHEMUMS PREVIOUSLY INTRODUCED

Price: 35c per plant, \$3.00 per dozen, \$20.00 per 100

These represent a distinct "break" in Chrysanthemums that has never been seen before. They have a branching habit of growth with sprays 2½ to 3 feet long. Resembling to the great extent the original Coreanum that have inherited beautiful foliage, a profuse and early blooming habit and iron-clad hardiness. The six varieties offered herewith are as follows:

1. **Apollo**—Dazzling orange.
2. **Diana**—Delicate rose-pink.
3. **Ceres**—Soft buff-yellow.

4. **Mars**—Velvety crimson.
5. **Mercury**—Tawny scarlet.
6. **Daphne**—Golden rose.

CASCADE CHRYSANTHEMUMS

Helen LeCron

CASCADE 'MUMS

The following varieties have been exhibited by the Department of Agriculture, and we are listing them separately so that our customers may more easily identify them. **Price: 50c per plant, \$5.00 per doz.**

HELEN LECRON

This variety is a pale lemon yellow semi-double.

ROBERT WALLACE

This is a single with lemon yellow tubular petals.

MABEL TONE

This is a strontian yellow single.

LOUISE PARKER

This is a single with petals shading from white to light chalcedony yellow at the center.

Minature Chrysanthemums

MINIATURE CHRYSANTHEMUMS

These are the very small type of Cascade 'Mums, which have been used for many years as specimen Standards. They come in assorted colors, such as bronze, light, deep and salmon pink, yellow, white, crimson and lavender; they can also be grown outdoors very successfully; they flower in August about the 25th and are very dainty. If one wishes they can be used for cut flowers, but are too fragile for shipping any great distance. **Price: \$3.00 dozen, \$20.00 per hundred.**

NOVELTY SINGLE CHRYSANTHEMUMS

Our singles set the standard for the world. For many years we have imported the best from Europe and Australia. These, together with the best from our American growers and on our own seedlings, keep us years ahead, as shown by the medals and awards that come to us every year.

Price: \$1.00 each per plant, \$10.00 per dozen

Tagoya (De Petris)

AFTER-GLOW (De Petris)

A very beautiful single, suitable for pot plants. It should be disbudded and will grow about 24 inches to 28 inches tall. The color is an unusual shade of burnt orange and it matures about November 5th.

This is a seedling from Melba and is equally as vigorous and healthy in growth, although much dwarfer. Highly recommended for pot culture.

ANNE BARTLETT

A gorgeous, handsome, brilliant bronze red single with wonderful substance and most distinctive in the flowering. The individual petals are very wide. It is a decided improvement on Absolute, which we never could supply enough of, and is much finer than Absolute at its best.

CARNELIA (De Petris)

A very late single red of robust growth and excellent substance. It requires no disbudding and matures the first of December, or a week or ten days later than Valencia. The flowers are practically the same size as Sunny Boy. A very desirable variety in every way.

DONALD GEDDIS

An apricot orange shading to a golden pink. A stunningly beautiful single that is impossible to improve upon.

MRS. DONALD SPEER

An improvement on Roupel Beauty in every way, and practically the same shade. A tyrian rose with mallow pink reverse, and has much heavier flowers.

RUTH H. PAWLIK

A beautiful pomegranate bronze single, with large heavy flowers growing on long sprays. An extremely handsome variety in every way.

TAGOYA (De Petris)

An excellent single which does not require disbudding. It is a very healthy grower, but dwarf and therefore suitable for pot plants. Produces well formed sprays on rigid stems 24 inches to 28 inches high, and matures November 5th to 10th. The color is a very brilliant shade of goya red, making it one of the most attractive varieties introduced to date. This variety one of the best singles ever introduced, suitable for either potted plants or cut blooms.

SINGLE CHRYSANTHEMUMS STANDARD VARIETIES

Price: 3 plants 75c, \$3.00 per dozen, \$20.00 per 100. Our Selection, 100 Plants, \$15.00

Sunny Boy

Anne Vaillant Dort—A gorgeous salmon-bronze Single. This variety is the last of the seedlings originated by the late Mr. Francis H. Bergen of Summit, N. J.

Besse La Roche—Color, when first opening, Brazil red. Oct. 30th.

Bronze Buckingham—Bronze sport of "Mrs. Buckingham." Oct. 25th.

Cleopatra—Yellow tinted amber, a flower of the largest size and particularly fine when grown in sprays. When disbudded forms beautiful, perfectly formed flower, a very fine strong grower and a beautiful Single.

Clytie—A yellow, that has made a wonderful record in the Exhibitions. Is a splendid variety in every way. Nov. 1st.

Crimson Conquest—Deep crimson. When grown for cutting in the benches and not disbudded, it provides beautiful sprays.

Crimson Splendor—Rich crimson maroon intensified with deep garnet tones contrasting with its golden yellow center. Flowering in late September, it is a real advance in the newer garden varieties. Oct. 15th.

Godfrey's Triumph—Buttercup yellow, shaped like a Water Lily. Oct. 25th.

Grenadier—Bright crimson-red with an overlying sheen of bronze. A golden tint on the reverse of the petals combined with the prominent golden-yellow center completes a gorgeous color combination. One of the earliest of the outdoor Singles to come into flower.

Golden Seal—A deep rich butter-cup-yellow; quite an acquisition in color.

Gretchen Piper—The color is a deep glowing yellow and the flower light and graceful. Oct. 25th.

Helen Page Wodell—A delightful yellow Single, with extremely narrow refined quilled petals, that are most gracefully arranged on the stem. The color is a lovely sunshiny yellow. The stem and foliage, all that can be desired. Disbudded 12 to 20 flowers to a plant, it is a beautiful subject and makes a most attractive plant. Oct. 28th.

Healesville Bronze—Vivid bronze glistening and glowing in the sunshine. When grown twelve or more flowers to a plant, and disbudded a single flower to a shoot, it is most spectacular. Nov. 1st.

Ida Catherine Skiff—Color is a brilliant bronzy amber. Oct. 30th.

Jeanne Shelly Adams—A deep rose pink with white zone around the center. Oct. 15th.

Jean Hart—One of the daintiest Single Chrysanthemums ever distributed. The color is a beautiful deep yellow. Oct. 30th.

Last Call—A very heavy orange yellow Single with cupped formation of petals and warm bronze shadings. Has several rows of petals and can be most successfully shipped long distances. The ideal Single for Thanksgiving.

Mabel Seymour—The outstanding white Single. The flower is very large and the plant vigorous and unexcelled for making a pot or exhibition plant, on account of its fine growing and blooming qualities. Nov. 5th.

Margaret Waite—A deep pink sport of the well-known late pink Single, Mrs. E. D. Godfrey. Nov. 15th.

Margaret W. Wanner—Cadmium orange, suffused deep amber bronze. Oct. 25th.

Melba—A brilliant bronzy red of exceptional merit. Nov. 1st.

Mensa—Purest white. This is a splendid variety. Nov. 5th.

Miss Isabelle—Bronze with a silvery reverse to the petals. Nov. 5th.

Miss A. Wisby—A beautiful orange-amber, shading lighter towards the center. A particularly vigorous grower and should not be disbudded too closely.

Mrs. David L. George—A yellow suffused pink, making a very handsome combination, Dwarf, stocky, robust in habit, and a very fine healthy doer. Nov. 1st.

Mrs. W. E. Buckingham—Midseason pink, has proved itself one of the best varieties for cutting or market purposes. Oct. 25th.

Mrs. E. D. Godfrey—Light pink; very finest variety for Thanksgiving market. Nov. 15th.

Red Rover—This variety is a marvelous crimson with gold reverse on the petals, and a deep gold center. The individual flowers are six inches across and the most glowing shade of rich crimson-orange in color. Oct. 30th.

Ruth Adams—A beautiful bronzy old gold of very distinct appearance. This variety attracted the attention of everyone who saw it growing in the garden this year. Oct. 25th.

Sunny Boy—A Single very similar to Valencia, except that it is a bright golden yellow color. The individual blooms are much smaller and more fragile. Matures November 25th. Requires no disbudding.

Valencia—A beautiful shade of Valencia pink without a single trace of magenta, one of the loveliest Singles ever introduced. Flowers measuring over 4 inches across. This variety need not be disbudded. Matures Nov. 15 to 20.

NOVELTY POMPON CHRYSANTHEMUMS

We have received a splendid collection of seedling Pompons from Mr. Thomas Knipe, which are bewildering in their profusion and variety. From this collection we have selected eighteen different kinds that we feel are sufficiently distinct and beautiful to be distributed to the trade. We could double this list easily but we really have too many varieties already and are trying to give you just the very best.

Price: 50c per plant, \$5.00 per dozen, \$35.00 per 100

ABELARD

A clear, orchid-pink of the Improved Pompon type of 'Mum. A marvelous grower with many stem flowers on the individual stems. The center petals are tipped with bronze, making a beautiful contrast.

BEATRICE

A very lovely clear, canary yellow. A ball shaped Pompon with quilled petals serrated at the edges. A very compact flower, very handsome in every way; will prove a popular variety once it is distributed.

DAMON

A crushed strawberry bronze, growing in clusters. Not the real small button type; the individual flowers are one inch across. This is a handsome variety.

DANTE

A warm, salmon-pink overlaid with bronze. A fine heavy grower with good, stiff stems.

EILEEN

A very lovely cherry red Pompon; splendid in every way and a little different in color.

GALATEA

A very handsome pinkish bronze with tawny yellow reverse. A tall, Improved Pompon, but rather a loose grower.

HELENE

A bright, deep, cerise-pink Improved Pompon with a silvery reverse.

HELOISE

A gorgeous strawberry bronze of the small button type of 'Mum, with the flowers about $\frac{1}{2}$ inch across, but with a great many flowers on each individual spray. A rather tall grower of a most unusual color.

DR. W. R. PETTIT

A lively, bright pink Improved Pompon of the large flat flowered type with extremely wide petals. The salmon-bronze center accentuates the beautiful coloring of this variety.

JEANINE

An unusual blush pink colored 'Mum with quilled petals that have carmine shadings in the center of the small flowers.

MARLENE

The very finest variety in the entire collection this season. It is a deep, luscious red, greatly enhanced by having the petals pencilled with a line of color, altogether making a most charming flower. It is a flat, Improved Pompon type with the individual flowers growing about two inches across; it is a marvelous grower and one of the best varieties in years.

MINNEHAHA

A deep, rich old rose Pompon of the Improved type; the petals of this variety are graduated from the wide spreading rows at the bottom to the short, crisp petals towards the center of the flower.

PELIAS

An improved Drops of Gold type, only a deeper color with larger flowers. Each individual yellow petal has a pinpoint of bronze at the tip making it a very striking variety.

Drops of Gold

PENELOPE

A small flowering brilliant yellow Pompon. The individual flowers are over a half an inch in size, and very brilliant in color.

PYGMALION

A rich old rose, reminding one in color of a piece of old rose silk. A very beautiful variety.

PHINTIAS

A bright bronze Pompon, changing to a brownish-salmon color when fully matured.

PUCK

A blush white of the Jean Treadway type, with lavender tips at the edges of the petals, and lavender shadings on the reverse. An Improved Pompon variety that should be extremely popular.

TOM PEARSON (De Petris)

A medium spray Pompon like Cordova but differing in color which is a deep chrome yellow. It is a vigorous grower and unusually prolific, producing many flower sprays on each plant. Matures November 5th to 10th. An excellent keeper and shipper.

HARDY POMPON CHRYSANTHEMUMS

FREQUENTLY KNOWN AS THE BUTTON TYPE

These are the old-fashioned form of Chrysanthemum blooming later in the season than any of the other types. For cut flower work they are unexcelled since they produce long sprays with the blooms gracefully arranged on the stem. **Price: 3 plants 75c, \$3.00 per dozen, \$20.00 per 100.**

Princeton

ADELAIDE

A splendid, deep, rich mahogany; one of the earliest to develop, being ready to cut by October 10th. Strong, healthy grower and a desirable variety in every way. About 4 feet high when well grown. Oct. 25th.

ALBERT MULLER

Color, apricot, suffused soft pink. The blooms measure 2 to 2½ inches in diameter, grown on strong erect sprays of medium height.

BRIGHT EYES

Orange-apricot with bright eye. Oct. 30th.

BRONZE DOTY

Deep terra-cotta bronze. Oct. 25th.

BRONZE SPORT OF CLARA JAMESON

The bronze sport of Clara Jameson, a rich reddish-bronze, and one of the best of the early Pompons in its color. Oct. 25th.

CAPTAIN COOK

The color is a lovely shade of rose pink. Oct. 25th.

CLARET

Deep claret wine color. Flower about two inches in diameter. Oct. 30th.

DROPS OF GOLD

An exquisite little gem of pure gold with a bronzy red center. It is a replica of Bright Eyes only golden yellow in color. Illustrated page 19.

DOROTHY TURNER

Rich old gold, deepening to chestnut bronze. Nov. 15th.

EDITH NEWBERRY

Improved Pompon in a beautiful shade of burnt orange, maturing November 10th to 15th.

H. R. H.

Clear lavender of the Doty type, but superior in the general make-up of the flower. Nov. 1st.

IRMALINDA

Color, old rose with a silvery sheen. A very fine grower with flowers about 1¾ inches in diameter. It comes into flower around Oct. 25th.

IRENE

A pure white early Pompon flowering about Oct. 18th. A very fine upright grower.

JEWELL

A brilliant deep pink Pompon flowering in late September, and continuing throughout October and early November. One of the earliest Pompons to bloom. Oct. 10th.

LEGAL TENDER

Vivid red and gold. A very fine late variety. Nov. 15th.

LILLIAN DOTY

It is much the finest pink in the entire Pompon family. October 25th.

LUGANO

A brilliant lemon yellow, shading to golden yellow. Oct. 30th.

MARY PICKFORD

One of perfect form, petals reflex at maturity nearly to stem, forming a ball of pure white.

MRS. FRANCIS H. BERGEN

Creamy white, with center of rosy pink. Oct. 30th.

MRS. H. HARRISON

Blush pink, flowering October 1st. Oct. 15th.

MRS. J. WILLIS MARTIN

Crushed strawberry in color. The only variety we have in this shade of outdoor Chrysanthemums. Oct. 15th.

MRS. HENRY F. VINCENT

An exquisite shade of fawn and bronze with salmon-pink shadings. This variety also is very strong in growth and the foliage is perfect in every way.

MRS. G. W. WICKERSHAM

Large, snow white flowers on long stems that are splendid for cut flower work. Oct. 25th.

NEW YORK

Bronze seedling from Hilda Canning. Flowers November 1st.

PRINCETON

A beautiful and distinct shade of Old Nassau orange, large flowering spray Pompon. It is extremely brilliant and resembles the orange Calendula flower to quite an extent. Nov. 20th.

RODELL

A fine clear yellow. Oct. 15th.

SPANISH GOLD

A lovely even shade of tawny yellow with a bronzy sheen, maturing about Nov. 10-15. An extremely easy grower of good habit that does not require disbudding of any kind.

VERA VICTORIA

A splendid Pompon of the very largest size. Color brilliant glowing bronzy yellow. Oct. 25th.

WHITE DOTY

A sport of the popular variety, Lillian Doty. Oct. 25th.

ZENOBI

Pure yellow. Comes into flower first of all and popular on this account. Oct. 20th.

TYPES OF HARDY CHRYSANTHEMUMS

COLLECTION OF HARDY FLOWERING 'MUMS

If one has not grown Hardy Chrysanthemums previously one of the collections mentioned will give him a fairly good idea of all the different types, so that another season they can be ordered by variety.

NOVELTY CARNATIONS

Price: \$5.00 per dozen, \$35.00 per 100 except where noted

DIMITY

White ground flaked deep claret, more heavily towards the edge of the petal. A wonderful Carnation and one which will be added to every collection. Price: \$5.00 per dozen, \$35.00 per 100.

DAIRYMAID

White ground, heavily striped pink towards the edge of the petals, a charming coloring. The flowers are large and full, with rich perfume. The growth is exceptionally robust, healthy and free flowering. In Dairymaid we have the finest variety of this or similar colorings. It seems faultless and it is a joy to cultivate. Both trade and amateurs cherish this variety. A good keeper and a grand show variety. Price: \$7.50 per dozen, \$50.00 per 100.

DITCHLING

A rich luminous shade of dark pink, free from magenta. Deep rounded flower of perfect form and a good size. Magnificent habit of growth which makes a bushy plant, very free and healthy; long, erect stems with perfect calyx. A worthy variety to fill all demands for a real good, dark pink carnation and one that will be widely grown. On test as a cut flower Ditchling has lasted twenty days in a fresh state. Price: \$7.50 per dozen, \$50.00 per 100.

GUY ALLWOOD

Delightful pale salmon pink of Laddie shade but richer in tone during spring and summer. Guy Allwood is the outcome of five thousand Laddie crossed with Salmon Pink seedlings, the primary object being to obtain a superior variety to Laddie, in color, freedom of flowering, ease of propagation, and perfume. This we claim has been done and Guy Allwood producing as it does two flowers to one of Laddie is undoubtedly the best variety of its color today. Price: \$7.50 per dozen, \$50.00 per 100.

ROBERT ALLWOOD

Superior to all other varieties. Vivid scarlet during the four seasons of the year. Immense 4 inch flowers with high, full centers. A very strong and quick habit of growth, with erect stems and calyx that never bursts. Robert Allwood is recognized everywhere as a wonderful Carnation in every way; it is fulfilling our claims to be the finest Carnation in the world. Price: \$5.00 per dozen, \$35.00 per 100.

SNOWWHITE

The very finest white Carnation introduced to the American public to date, and, when one considers that we have had many good white varieties in the past, that is a most impressive statement of fact. It is a perfectly formed, dazzling white Carnation that is easy to grow and that will give one hundred per cent perfect flowers. Price: 50c per plant, \$5.00 per dozen, \$35.00 per 100.

WIVELSFIELD CLARET IMPROVED

A seedling from Wivelsfield Claret, preserving all the excellent qualities of its parent, with a deeper toned color, the habit of growth is stronger, making a plant double the size of its parents, with large even flowers and rigid stems. Wivelsfield Claret Improved is undoubtedly the best variety in the Claret and Purple shades. Price: \$5.00 per dozen, \$35.00 per 100.

Totty's Plant Food is unusually safe and reliable, quick in action, vitalizing and effectual.

It is particularly suitable for the culture of flowers grown both outside and under glass. Whether intended for garden effect or exhibition purposes, no finer treatment could be accorded your Roses, Mums, Dahlias, Lillies, Carnations, Bulbs and other floral favorites than frequent applications of Totty's Plant Food made during the growing season.

Equally effective on fruit and vegetables, especially nectarines grown under glass, where a marked improvement is bound to be noted in flavor, crispness and quality.

Totty's Plant Food is packed only in cotton, paper lined, sift proof bags of 100 pound capacity. None genuine except in original branded bags bearing the registered trade-mark shown elsewhere in this folder.

Specify Totty's when in need of a real greenhouse fertilizer or when planning to feed Boxwood, Bay Trees or similar varieties. You will be more than pleased with the results obtained.

Prices: 100 Pound Bag \$8.00, ¼ Ton Lot \$38.75, ½ Ton Lot \$75.00. Ton Lots Quoted on Request.

STANDARD CARNATIONS

Price: 3 plants 75c, \$3.00 per dozen, \$20.00 per 100, except where noted

BOSTON WARD

A very bright rich pink with serrated edges, extremely free flowering and good stiff stems. A great improvement on the old C. W. Ward.

BOUNTIFUL

This variety is so christened, because it is the only thing that describes the blooming character of this plant. It blooms very early in the fall, and produces flowers a much longer period than other Carnations. The color is a clear white with delicate pink pencil markings. Blooms absolutely non-splitting, large and perfect, borne on stiff upright stems. The plants are very compact, having no side growth, extremely strong and healthy and a wonderful clean grower.

E. H. WILSON

An enormous flower of a brilliant scarlet, much larger than Red Laddie at its best and much superior in every way.

GIANT LADDIE

The improved Laddie. A little deeper salmon pink in color, than the original variety, with flowers 4 to 5 inches in diameter. A wonderful grower and producer. Our best pink variety, since Laddie.

IVANHOE

White ground, very heavily veined and striped crimson. Ivanhoe reminds everyone who sees it, of the famous old border Carnation. A strong healthy grower, and absolutely unique in its color.

LADDIE

The color is a warm rose-salmon pink; the flowers average 3½ inches in diameter, when it is at the proper stage for cutting and develops to 4½ inches in Winter.

MATCHLESS

Well named the Matchless White. Blooms early and continuously, easy to handle, and very free. Flowers extra large and wonderfully fragrant.

PATRICIAN

A white Carnation of outstanding merit. Its extra large size and vigorous growth will at once place it at the head of the list of white Carnations.

The stem is always strong and the calyx does not split. It has unusually good keeping quality at all seasons.

PRINCESS DAGMAR

Largest and finest Carnation ever produced in crimson, a wonderful keeper and one that we can recommend with confidence. Stock limited.

RED LADDIE

Everyone knows the parent of this wonderful variety. If one wishes to grow a splendid Red Carnation, we strongly recommend Red Laddie for quality, size and color.

SONNY

An unusual novelty, abundant bloomer and very popular with all growers who have seen it. The color is very striking, deep yellow ground with pink markings, which holds in the flower until the bloom withers. The individual flowers are large, borne on long stiff straight stems, that hold the bloom perfectly erect.

WANDA

The very finest Carnation by far, that we have ever sent out in this color. It is a rich glowing crimson, and the flowers average as large or larger than the finest Laddie grown. The growth is strong and particularly robust. For the size of the plant, it is very floriferous. There is nothing in this color that can begin to approach Wanda, as an excellent crimson.

TENDER BEDDING AND GREENHOUSE PLANTS

AGERATUM

Fraserii—Dwarf blue, compact growth, an early bloomer and excellent for edging.

2-in. plants \$1.50 per dozen, \$10.00 per 100
3-in. plants, \$2.00 per dozen, \$15.00 per 100

BUDDLEIA

Asiatica—This Buddleia differs from Variabilis and others of its type, in that it is not hardy and requires protection. It begins to bloom in December and continues to do so throughout the Winter season, if the plants are kept growing in a warm house. It produces long spikes of the most beautiful white flowers which have a delightful lilac fragrance. Price: \$3.00 per dozen, \$20.00 per 100.

EUPHORBIA

Jacquinaeflora (Fulgens)—One of the finest and most useful plants that can be grown for Midwinter flowering. It is always a pleasing sight in the large floral shops around Christmas. The lovely, small orange scarlet flowers are produced on long, graceful sprays that are adaptable for any decoration. June delivery. Price: 50c each, \$5.00 per dozen, \$35.00 per 100.

FERNS (For Fern Dishes)

Assorted Ferns in all the best varieties: *Cytomium falcatum*, *Pteris mayi*, *P. cretica*, *P. albolineata*, *P. adiantoides*, etc. Price: \$1.50 per dozen, \$10.00 per 100.

GERBERA

Jamesoni Hybrids—Frequently known under the name of the Transvaal Daisy. These Hybrids give a variety of color, but the predominating color is a brilliant scarlet. Produces beautiful daisy-like flowers about 4 inches across on stems about 15 to 18 inches long. It can be grown outdoors during the Summer and early in the Autumn lifted and potted and placed in a warm greenhouse, where it will bloom throughout the Winter months. Price: 75c per plant, \$6.00 per dozen, \$50.00 per 100.

HELIOTROPE

Heliotrope Centefleur—Deep blue in color with conspicuous white eye. Our first introduction in the Heliotrope line and a very strong, vigorous grower. It is the most robust of all the varieties and will sometimes grow 2 feet in height in favorable locations.

Heliotrope Elizabeth Dennison—A clear Windsor blue in color with large individual trusses of flowers growing about 15 inches high. It is also wonderfully fragrant.

Heliotrope Royal Fragrance—This Heliotrope introduced some years ago by us, has just about become the standard of America. Our sales increase by leaps and bounds every year, so much so, that we have had to discard other varieties in order to increase our propagation of this particular subject. It is dwarf and robust in habit, and the most fragrant Heliotrope that has ever been grown. It blooms from early June until frost, and as a bedding plant is unsurpassed.

PRICES ON ABOVE HELIOTROPE

	Each	Per doz.	Per 100
2½ inch pots.....	\$0.35	\$2.50	\$18.00
3 inch pots.....	.40	3.50	25.00
4 inch pots.....	.50	5.00	35.00

LANTANAS

There is no Summer flowering plant that will give better results than Lantanas. They can be absolutely depended on to bloom regardless of weather conditions, and are always a magnificent show of color in the garden.

Delicatissima—Weeping, lilac lavender.

E. Bayard—Bright orange, red and yellow.

Price: 35c each, \$2.00 per dozen, \$15.00 per 100

LEMON GERANIUM

An old fashioned type of Geranium frequently known as the Nutmeg Geranium; it is an odd type, extremely sweet scented, but very insignificant looking with its small pink flowers. The only reason that it is grown is on account of its fragrance. This variety is frequently used for finger bowls. Price: \$3.00 per dozen, \$20.00 per 100.

LEMON VERBENA (*Aloysia citriodora*)

A well-known garden plant appreciated for the sweet, lemon scented foliage, which is extensively used to impart a sweet scent to bunches of flowers lacking in a scent of their own. It is also used in flavoring jellies. Price: 2¼-in. pots, \$1.50 per dozen, \$10.00 per 100.

PETUNIA GARDENIA FLOWER

This Petunia is a plant destined to be very largely grown when its good qualities are better known. The flower is of the purest white and its delicate fragrance reminds one of a Gardenia; in fact when arranged in a corsage with Gardenia foliage, it is hardly recognizable. This Petunia is sterile, producing no seeds, and propagation must be by cuttings. There is room for this Petunia in every greenhouse in the country as the plant is always a mass of flowers both winter and summer, and when used outside as a summer bedding plant it makes a solid mass of color. Price: 2¼-in. pots, \$2.00 per dozen, \$15.00 per 100.

SWAINSONA

Alba—A very popular greenhouse plant, with dainty pea-shaped white flowers on very finely cut fern-like foliage. Price: \$3.00 per dozen, \$20.00 per 100.

Buddleia Asiatica

INTRODUCTIONS OF 1935

Price: 2½ inch, \$50.00 per 100; 3 inch,
\$60.00 per 100; 4 inch, \$70.00 per 100

The following varieties have proven so satisfactory that no new introductions to date equal them — hence we still offer them as leaders.

**BETTER
TIMES
(Patented)**

THE outstanding Rose of the decade. Its color is a brilliant cerise pink with a silvery sheen, as the flower develops. Very firm texture with beautiful clean heavy foliage. This Rose will supersede such varieties as "Premier Supreme," "Hollywood" and all other dark pink sports of "Premier."

MRS. FRANKLIN ROOSEVELT (Patented)

Greatly improved sport of Talisman, much deeper in color than Souvenir. Many of the outer petals are flushed bronzy crimson and we consider it a much better grower than Souvenir. Always creates a sensation at the Flower Shows.

TOKEN (Patented)

A magnificent apricot orange shading to golden-pink. Long high pointed buds, and an exquisite variety in every way. At the base of the petals is a clear yellow suffusion, which lights up the flower beautifully. A Rose, that is thoroughly alive in color.

STANDARD VARIETIES OF ROSES FOR FORCING

Grafted

Price: 2½ inch, \$40.00 per 100; 3 inch, \$50.00 per 100; 4 inch, \$60.00 per 100

Autumn—In color, a gorgeous combination of cerise, scarlet and yellow. The firm compact bud of medium size is bright golden yellow, stained crimson without and deepening to scarlet-orange in the center. They open to semi-double splendidly shaped flowers of glorious crimson and gold with stiff petals.

Briarcliff—A sport from Columbia, retaining all the good qualities of its parent; color more brilliant than Columbia, being a true rose pink without any shadings whatever. Long pointed bud and very fragrant. Every bud of this variety is 100 per cent perfect. Abundant dark green foliage and habit of plant very vigorous.

Cecile Brunner—Known under various names, such as Sweetheart, Mignon, etc. Is a dainty, miniature Rose. Light pink in color, and every greenhouse should have a few plants of this beautiful little Rose.

Hollywood—An improved Premier Supreme, but a much brighter color. Large high centered flowers, very long in the bud, with dark leathery green foliage, and decidedly disease resistant.

Joanna Hill—The blooms are clear yellow, deepening at the center and hold their color under artificial light. It produces strong stems without pinching and can be grown at low cost and sold at a more reasonable price than Souv. de Claudius Pernet.

Lady Margaret Stewart—In the bud stage, this Rose is a glowing scarlet, which as the flower develops, changes to a deep sunflower yellow, heavily veined and splashed orange scarlet. The fragrance is most pronounced in this particular Rose and its lovely fragrance is its most charming feature.

Lum's White—A rejuvenation of the old Double White Killarney, showing an improvement in growth, a larger flower, and a much purer, white color. The growth is much longer and the general appearance of the plant better in every way than the original variety.

Madame Butterfly—A glorified Ophelia. The individual bud is larger and the color tints of Ophelia are greatly intensified, making it a harmony of bright pink, apricot and gold.

Madame Alexandre Dreux—The golden bronze Rose with scarlet shadings. Free, healthy grower and very free blooming all through the season. The growth is not as heavy as Pernet or Columbia, but the lovely color makes it one of the most sought for new Roses. It is disease-resistant, and its clean, healthy growth makes it easy for the grower to handle. Stock limited. **Grafted to order only.**

Mrs. Aaron Ward—A remarkable variety of strong, vigorous, compact growth. The fragrant, full, double flowers are of a distinct Indian yellow, shading lighter towards the edges.

Mrs. R. M. Finch—A Polyantha Rose, that is rapidly displacing Cecile Brunner for growing in the greenhouse. Color, deep shell pink, slightly larger in flower than Cecile Brunner and one of the best of the Baby Rambler types.

Premier Supreme—Deep rose pink, sport of Premier, with large, high centered flower. Very long in the bud. Dark leathery green, disease resistant foliage.

President Herbert Hoover—A splendid combination of cerise pink, flame, scarlet and yellow, and this combination gives the most dazzling effect ever seen in any Rose. The flower is large and the bud beautifully pointed. The petals are broad and thick, retaining this characteristic days after the flowers are open. It is a splendid keeper, and wonderfully fragrant.

Rapture—A much improved sport of Mme. Butterfly. The color is an exquisite salmon shade, deeper than the very best Butterfly, with the same golden flush at the base of the petals. As a sport of Butterfly, Rapture shows all its good characteristics with larger foliage and a much heavier growth.

Rosa Rouletti—Frequently referred to as the "rock garden" Rose on account of its minute pink flowers and dwarf growth. 4 inch pots only.

Senior—Is a second generation cross of Richmond and General Jacqueminot combining the good qualities of both varieties. It has petals enough to make it a good summer Rose, but not so many that it does not pen freely all the year 'round. The growth is strong and robust, and has comparatively no short weak growth, that has been the bane of most Red roses.

Souvenir—The yellow sport of Talisman, corresponding with the parent in every way, growth, freedom, size, etc., except that the color is a clear yellow.

Talisman—A seedling of Ophelia and Souv. de Claudius Pernet. "Like a choice, rare cameo, this new seedling Rose stands out in rich and distinctive relief against any background." Talisman is already so well known that it needs no further comment.

Templar—A clear, even shade of red and a color that stays even at all times. Very productive and fragrant and a fine Winter growing variety.

Souvenir de Claudius Pernet (Budded Stock Only)—We are proud of the wonderful record this Rose has made since we introduced it. The color is a brilliant clear yellow, which does not fade at any time, and the beautiful holly-like green foliage makes a charming contrast for this beautiful flower.

Specially fine stock budded on Odorata, which has been found to be the best stock on which to grow this variety.

Joanna Hill

FIVE SENSATIONAL OUTDOOR ROSES

The five Roses illustrated below may be purchased, as a set, for **\$6.00**. If but one plant is purchased, then the single price applies.

Little Beauty

See descriptions
under
"Newer Varieties"

NEWER VARIETIES OF GARDEN ROSES

Prices listed after each individual variety

Alezane (Pahissa)—Patent applied for. Bud urn shaped, large reddish brown; flowers cupped, opening to sorrel, unfurling from sorrel to rich apricot and reverse of petals sorrel striped with yellow veins. Petals not affected by hot or wet weather. Growth very vigorous, upright branching dark green foliage. An extremely interesting and striking novelty which has attracted much attention wherever shown. **Price: \$1.50 each, \$15.00 per dozen.**

Better Times (Patented)—The finest red Rose for the garden, that has ever been introduced. A large, full, heavy growing Rose with a high pointed bud, and splendid foliage at all seasons of the year. Long strong stems, that keep the flowers erect at all stages, and the delightful fragrance of this flower is not the least of its many virtues. **Price: \$1.50 each, \$15.00 per dozen, and well worth it.**

Carillon (J. H. Nicholas)—Patent No. 136. A bedding Rose of great activity, giving at all times a note of cheer, in the garden. The long pointed buds are orange scarlet, contrasting pleasingly with the green sepals. The half-open bloom is a deep coral overcast with orange and the full bloom is large, 4 in. diameter, the inner petals being irregularly but artistically arranged. The bush is branching, so that when planted in mass, the whole bed is blanketed with glossy foliage upon which rest the many blooms. **Price: \$1.50 each, \$15.00 per dozen.**

Carrie Jacobs Bond (Howard & Smith)—Plant Patent No. 158. THE MOST OUTSTANDING ROSE OF THE DECADE! A magnificent new Rose named in honor of the author of "The End of a Perfect Day." Of aristocratic growth with large, double blooms of ideal form carried singly on long, upright stems. The color is an enchanting rich, deep rose, enhanced by a luminous coral sheen. Moderately fragrant and good at all seasons. We feel confident that it will be the most popular Rose of the years to come. **Price: \$1.50 each per plant, \$15.00 per dozen.**

Condesa de Sastago—This Spanish novelty is the first double Rose to carry the vivid colors of the brilliant species Rose, Austrian Copper. The bud is like a ball of gold with brilliant red stripes. When fully open the alternating colors are evenly divided. Here is a highly colored Rose with an alluring spicy scent. The plant is unusually strong and upright in growth, with foliage well up on the flower-stem. **Price: \$1.25 each per plant, \$12.50 per dozen.**

Crimson Glory—This beautiful Rose gives every promise of becoming one of the most popular and best garden varieties. It is a vigorous grower, producing a great abundance of superb blooms. The plant is of spreading habit so desirable for garden planting. The large buds are of typical urn-shape. They open into full, well formed blooms of a deep, vivid crimson, shaded ox-blood red and finished with a soft velvety nap. AWARDED Silver Medal at the International Flower Show, New York, Spring 1934. **Price: \$1.25 each per plant, \$12.50 per dozen.**

Fluffy Ruffles—A new duplex Rose of exceptional merit destined to great popularity as it is a variety that will keep the garden overflowing with glowing flowers the summer long. The fact that the blooms last remarkably long contributes considerably to the continuous display in the garden. The flowers are produced on long strong stems arranged in clusters composed of from 6 to 10 dainty blooms each. It is a charming Rose of a fascinating soft silvery pink enhanced by the deep rose reverse of the petals. It is exceptionally fine for cutting in the expanding bud. Dormant or pot plants. **Price: \$1.50 each, \$15.00 per dozen.**

Gipsy Lass—A splendid novelty among the crimson Roses with exquisitely shaped, rich scarlet-crimson flowers with maroon shading. A strongly vigorous grower. **Price: 85c each, \$8.50 per dozen for dormant plants; \$1.00 each, \$10.00 per dozen for pot plants.**

Glowing Sunset—A glorious new Hybrid Tea Rose of a most exceptional color combination and petal formation. The long, pointed buds open to full double flowers of most artistic form with the inner petals lengthened and twisted in the bizarre manner of a choice Cactus Dahlia. The color is an indescribable combination of orange-yellow and rose-pink, presenting a unique and extremely pleasing color effect. When cut the blooms keep in perfect condition for several days. They have an alluring fragrance that will endear them to everybody. In addition to the valuable characteristics mentioned, it is a free and continuous bloomer. **Price: \$1.50 each, \$15.00 per dozen.**

Hinrich Gaede—Long-pointed buds of a shapely Nasturtium red. Large, double high-centered flowers of ideal shape, a rich luminous vermillion shaded golden yellow such as is found in high-colored Zinnias. Rich fruit, fragrance. A free, continuous bloomer. **Price: \$1.50 each, \$15.00 per dozen.**

Heinrich Wendland—Buds large, long pointed and very large double, full, high-centered, intensely fruit-fragrant flower of unfading Nasturtium red color, the reverse of the petals a deep golden yellow. Dormant or pot plants. **Price: \$1.25 each, \$15.00 per dozen.**

Katherine Pechtold—Exquisitely pointed buds of old gold and bronzy orange opening to moderately filled, fragrant, coppery orange flowers flushed with rose and gold. The bushy plants bloom freely and continuously. A fine Rose with from 28 to 30 petals. **Price: 85c each, \$8.50 per dozen, dormant plants; \$1.00 each, \$10.00 per dozen, pot plants.**

THE GARDENERS' CHRONICLE

is a monthly magazine for all who love fine gardens. Simple enough for the amateur, sound enough for the professional and practical enough for anyone, it covers the whole range of gardening every month. One year (12 issues)—\$2.00.

TOTTY'S, MADISON, N. J. *Outdoor Roses*

Little Beauty (Howard & Smith)—With this variety Mr. Howard introduced to the Rose world the herald of an entirely new race of everblooming Roses. The color of the formally arranged flowers is a brilliant cerise-pink. The blooms are produced in great abundance. A bed of them presents a truly enchanting sight. **Price: \$1.00 each, \$10.00 per dozen.**

Mme. Joseph Perraud (Gaujard)—This new Rose is a real beauty of an enchanting Nasturtium buff straying to a luminous shell pink at the petal edges. It is the nearest approach to a pure buff. Was awarded the Bagatelle Gold Medal, 1934, and chosen as the "Most Beautiful Rose in France," 1934 at Lyons, France. **Price: \$3.00 each, \$30.00 per dozen, p9t or field grown.**

Mrs. J. D. Eisele—Winner of three Gold Medals. A Rose of outstanding merit with buds and flowers that are perfect in every stage of development. The vigorous bushes are of upright, branching habit. Of perfect form from the expanding buds until fully developed. Out of the long pointed buds unfurl the graceful petals one after another with the margins elegantly reflexed but always in harmonious symmetry. The brilliance of their luscious cheery color enhanced by a glow of scarlet is even more intense under artificial light. **Price: \$1.50 each, \$15.00 per dozen.** Illustrated on back cover.

Skyrocket (Kordes)—A real everblooming Pillar or Shrub Rose producing enormous flower clusters throughout the entire season. Makes a magnificent display with its large clusters composed of medium sized brilliant rich red blooms. Of straight, upright habit which makes it most desirable and valuable either as a Pillar Rose or planted in combination with various kinds of shrubs. A fore-runner of a distinct new race. **Price: \$1.50 each, \$15.00 per dozen.**

Symphony (Wiegand)—U. S. Plant Patent No. 79. This is an ever-blooming Hybrid-Perpetual Rose bearing handsome, massive blooms of perfect form often measuring 6 inches in diameter. They are carried on stout, straight stems. The buds are blush pink opening to pale rose with deep pink in the center and showing lighter at the edges. The open flowers are full and of symmetrical shape. A truly magnificent Rose. **Price: \$1.50 each, \$15.00 per dozen, pot or field grown.**

Token

Token (Patented)—A magnificent apricot orange shading to golden-pink. Long high pointed buds, and an exquisite variety in every way. At the base of the petals is a clear yellow suffusion, which lights up the flower beautifully. A Rose, that is thoroughly alive in color.

Vivid Mason—The flowers are a rich brilliant oriental-red with orange shading are carried erect on long wiry stems high above the foliage. The plant has a vigorous and exceptionally free habit. The disease-resistant leathery foliage is rich dark green; sweetly scented. **Price: \$1.50 per plant, \$15.00 per dozen.**

MOSS ROSE

Each year we are asked by different customers for a few plants of the moss Rose, so we offer the following variety this season.

Yellow Moss (L. Walter)—Bud ovoid, deep yellow; medium size, semi-double, cupped. Very lasting, fragrant yellow with pink tints on edges. A real attractive yellow Moss. **Price: \$1.50 each, \$15.00 per dozen.**

Vivid Mason

TOTTY'S
MADISON, NEW JERSEY

STANDARD VARIETIES

Price: 75c each, \$7.50 per dozen, \$60.00 per 100

Mev. G. A. Van Rossem

Autumn—Novel and distinct in coloring, burnt orange streaked and marked with red. Bud of medium size, developing into a cupped double, fragrant, attractive flower.

Betty Uprichard—Coppery red buds, opening to semi-double flowers of above average size; brilliant orange carmine on outer surface of petals, showing light salmon reflexes; spicy fragrance. Strong growing, persistent blooming and healthy.

Briarcliff—A sport from Columbia, retaining all the good qualities of its parent; color more brilliant than Columbia, being a true rose pink without any shadings whatever. Long pointed bud and very fragrant. Every bud of this variety is 100 per cent perfect. Abundant dark green foliage and habit of plant very vigorous.

Duchess of Wellington—Intense saffron yellow, stained crimson, long pointed flowers, of wonderful fragrance and very productive.

Edith Nellie Perkins—A Rose of outstanding merit, vigorous in growth and free flowering. Long, pointed bud; flower of good size, long lasting and fragrant, double; outside of petals orient-red shaded cerise-orange; inside salmon-pink.

Etoile de Hollande—Brilliant red blooms of magnificent size, perfect in half open state, showing clean, attractive centers when fully open; petals enormous; very fragrant. Plants branching; particularly free flowering and healthy.

Independence Day—A novel, flaming yellow shaded copper. When fully opened, is a bright orange pink, very fine, strong grower, producing quantities of flowers throughout the season.

Joanna Hill—The blooms are clear yellow, deepening at the center and hold their color under artificial light. It produces strong stems without pinching and can be grown at low cost and sold at a more reasonable price than Souv. de Claudius Pernet.

Kaiserin Auguste Viktoria—Creamy white, immense substance, petals smooth and nicely arranged. A popular variety.

Lady Alice Stanley—The outside petals are a deep rose pink; inside pale flesh, slightly flushed with a deeper shading, a most beautiful color combination. Blooms are very large and full, of great substance and productiveness and one of the most fragrant Roses in existence.

Madame Butterfly—A glorified Ophelia. The individual bud is larger and the color tints of Ophelia are greatly intensified, making it a harmony of bright pink, apricot and gold.

Margaret McGredy—Large, beautifully shaped, full, double flowers, entirely distinct from all others in its rich coloring, which is a brilliant shade of Turkish or Oriental red, passing as the flowers age to a beautiful carmine rose. These are borne on long, stiff stems and hold their form and beauty for a long time.

McGredy's Scarlet—Large flowers are brilliant scarlet with orange base and the upper portions of the petals are lightly washed crimson.

Miss Rowena Thom—It is almost impossible to give a true color description of this Rose. It seems as if all the shades of a desert sunset have been caught in all their splendor and held by this beautiful Rose. The deep center glows with vivid Oriental red, shading to rose, as the bud expands and gradually passing to delicate mauve in the full blown flower. The flowers are large and borne on stems 30 inches long, which are practically thornless.

Mrs. Charles Bell—Lovely shell pink buds and blooms of fine, globular form with shadings of soft salmon; sweetly perfumed. The plants are notably strong and bushy bearing good foliage seldom attacked by disease.

Mrs. Erskine P. Thom—A strong, healthy grower, equal in strength to the Radiance type of Rose. Beautiful, dark bronzy green, disease resistant foliage. Rich lemon yellow flowers, very sweetly scented and a very free flowering variety.

Mev. G. A. Van Rossem—Orange scarlet with bronzy crimson shadings. Very fragrant, and continuous in bloom; beautifully formed flower on long stiff stem.

Mrs. Henry Bowles—A luminous, deep salmon pink, and a Rose of very striking appearance. Beautifully, long-shaped buds, developing into perfect high-centered full double flowers.

Mrs. Pierre S. du Pont—Medium sized long-pointed bud of a reddish gold opening to a semi-double, cupped, very lasting fragrant flower of a deep golden yellow. The plant is of strong vigorous compact growth. A profuse and continuous bloomer.

Mrs. W. E. Nickerson—Long, slender buds and deep, half double high-centered flowers, with enormous petals of soft silvery pink, deeply shaded with old-gold and salmon. Plant is tall, wiry and very profuse.

President Hoover—This is a glorious Rose, wonderfully free in the easy manner in which it grows and charming in its color arrangement which is a splendid combination of cerise pink, flame, scarlet and yellow, and this combination gives the most dazzling color effect ever seen in any Rose. It is one of the most cheerful Roses imaginable. The flower is large and the bud beautifully pointed. The petals are broad and thick.

Radiance—A splendid and popular Rose, deep pink in color. Will produce 3 foot breaks without pinching; almost mildew proof, and a wonderfully fine Rose to handle.

Red Radiance—A duplicate of its parent in every respect save color which is a brilliant red; very free flowering in habit and vigorous in growth. A wonderful variety in every way and a welcome addition.

Rev. F. Page-Roberts—A most beautifully shaped, long bud, and a full, double flower of rich orange-gold, shading to a saffron-yellow; growth vigorous and very free flowering. The most beautiful Rose of its color yet introduced.

Souvenir de Georges Pernet—While this is not as sensational in color as the Claudius Pernet we know it is one of the most promising bedding Roses offered in many years. It is wonderfully vigorous in growth and freedom of bloom. The color of the flowers, which are exceptionally large and of globular form, is a brilliant orient-red, shading to cochineal-carmine at the end of the petals and the entire Rose is suffused with a golden sheen, making it one of the most attractive colored Roses that has been offered in many years.

Talisman—A seedling of Ophelia and Souv. de Claudius Pernet. "Like a choice, rare cameo, this new seedling Rose stands out in rich and distinctive relief against any background." Talisman is already so well known that it needs no further comment.

Ville de Paris—A rich buttercup yellow much in the style of Mrs. Beckwith, but with longer buds and larger flowers, and purer in color. The plant is of vigorous growth and very free flowering.

Wilhelm Kordes—An imported variety that is making splendid headway in popularity. The color is a combination of luminous pink, bronze and yellow shadings that are most attractive. This variety, we predict, will forge its way very rapidly to the front.

CLIMBING ROSE INTRODUCTIONS

Price: 75c each, \$7.50 per dozen except where noted

Blaze—Climber. (Plant Patent No. 10). Acclaimed by the nation and continues to be the most popular of all new climbing roses—the only hardy ever blooming scarlet climber. It has every element to insure its success for Blaze continues the vigor, beauty, and hardiness of Paul's Scarlet Climber with the everblooming rose. Every one of the plants offered this season was propagated from blooming wood, in order to definitely and more quickly reproduce the everblooming quality of this rose. Everblooming. **Price: \$1.25 each, \$12.50 per dozen.**

Easlea's Golden Rambler (Plant Patent No. 114)—The finest yellow climbing Rose ever sent out. It made a marvelous record for itself in England obtaining the Gold Medal, The Award of Merit of the Royal Horticultural Society and at the Show of the National Rose Society was awarded the Coty Gold Cup, as the best new Rambler that year. The plant has a wonderfully vigorous habit, very free in production. There is no better yellow Rose to fill the bill where a yellow variety is required. The rich yellow color is sometimes splashed crimson and the rich olive glow of the foliage and red flowering wood present a striking foil when the plant is in blossom. We predict it will be the most popular yellow climber in a year or two. As stock is limited, for this season, we suggest ordering early to avoid disappointment. **Price: \$1.50 each, \$15.00 per dozen.**

Scorcher—Handsome vermillion flowers, covering the plant in great profusion. **EVERBLOOMING. Price: \$1.50 each per plant, \$15.00 per dozen.**

The New Dawn (Patented)—The everblooming Dr. Van Fleet. This variety is identical with its parent in size, formation of bud and color, etc., but it flowers continuously throughout the Summer and Fall months. **Price: \$1.50 each, \$15.00 per dozen.**

STANDARD VARIETIES

Price: 75c each, \$7.50 per doz. except where noted

American Pillar—Single flowered variety of great beauty. Flowers 3 or 4 inches across borne in immense clusters. Brilliant shade of pink with clear white eye; wonderfully decorative even when not in flower as the blooms are followed with brilliant red berries.

Bess Lovett—Large flowers of rich pink, cupped shaped, borne on long-stemmed clusters; sweetly fragrant. Very often referred to as American Beauty Climber.

Chaplin's Pink Climber—Unquestionably the most important acquisition in Climbing Roses since the introduction of Dr. Van Fleet and Paul's Scarlet Climber, which are universally recognized as the two most popular Climbing Roses in the country and to which Chaplin's Pink Climber will prove an equally valuable companion.

Dorothy Perkins—Clear, bright pink, trailing growth, profuse bloomer.

Dr. Huey—Semi-double, rather large flowers of the very deepest crimson maroon, shaded black, an exquisite variety.

Dr. W. Van Fleet—Beautiful flesh pink, borne on long stems; buds long and pointed, plants very strong, brilliant dark glossy foliage, mildew proof, splendid for cutting.

Emily Gray—The best yellow Climbing Rose ever introduced. Color clear golden yellow, all flowers are double, with long buds, and attractive, dark green foliage. Very free flowering, splendid growing habits. **Price: \$1.00 each, \$10.00 per dozen.**

STANDARD VARIETIES (Continued)

Jacotte—Color shrimp pink or light salmon orange shaded golden yellow at base; flowers fully 2½ inches in diameter, delightfully scented; rich, dark green, glossy disease-resisting foliage. **Price: \$1.00 each, \$10.00 per dozen.**

Mme. Gregorie Staechelin—The long pointed full fragrant flowers are crimson, and when fully opened is an iridescent pearl pink inside. It has been predicted that this variety is probably the pioneer of a new race.

Paul's Scarlet Climber—The flowers are medium in size, being semi-double and carry three to six flowers on each spray. Paul's Scarlet Climber has received several gold medals.

Silver Moon—Pure white in color with yellow stamens in the center, showing up a very attractive variety. Foliage bronzy green; stems of flowers very long and fragrance very lasting.

Madame Gregorie Staechelin

BABY RAMBLER AND DWARF POLYANTHA ROSES

Price: 75c ea., \$7.50 per doz. except where noted

These are delightful for massing in beds, or as edges for borders. They are most profuse and continuous bloomers and their small, neat flowers are produced in large clusters.

Anne Poulsen (Poulsen)—Patent applied for. Large semi-double flowers scarlet crimson, scented, in large sprays, always in bloom. Plants robust and hardy, for mass color effect, low hedges or borders. Price: \$1.25 each, \$12.50 per dozen.

Cameo (DeRuiter 1932)—A new and distinct color fully described by the name—shell-pink and salmon, with a glow of gold. Large sprays in continuous succession. A real acquisition. Price: 75c each, \$7.50 per dozen.

Cecile Brunner (The Sweetheart Rose)—Dainty, double flowers of soft pink, growing in graceful sprays.

Ellen Poulsen—Large full flowers of bright rose pink. One of the very finest of the pink Polyanthas growing in clusters on a plant not more than eighteen inches high. We consider this the finest Polyantha Rose to date.

Else Poulsen—Flowers medium size, semi-double, lasting bright rose pink.

Gloria Mundi—The color is the most brilliant shade of geranium red with a salmon orange shade, and the strongest feature of this Rose is that the color in any garden, is one that attracts, does not fade, as do many varieties of this color.

George Elgar—One of the old reliables in yellow Polyanthas. Very fine grower and where one is looking for a light colored Polyantha George Elgar is a fitting companion for Cecil Brunner.

Golden Salmon—Reddish orange in color produced in large clusters. A very striking color in any garden, and one that attracts immediate attention.

Gruss an Aachen—One of the finest Polyantha Rose plants ever introduced. It is orange red and yellow in the bud, opening to light flesh pink and salmon yellow, resembling very much a bouquet of Hybrid Tea Roses on one stem.

Improved LaFayette (Howard and Smith)—This is the most profuse flowering Rose we know. It is of strong habit producing continuously from early spring until frost a great mass of medium-sized flowers. The color is a deep glowing red freely suffused with vivid crimson. The strong, upright bushes covered with masses of flower trusses make it ideal for massing and garden effect. Price: \$1.50 per plant, \$15.00 per dozen.

Talisman

Karen Poulsen (D. T. Poulsen 1933)—The most brilliant bedding rose of the Poulsens. Last year was runner-up for the Bagatelle Gold Medal. Bud medium size, globular; flower single, brilliant scarlet; continuous bloomer from June to November. Price: \$1.50 each, \$15.00 per dozen.

Permanent Wave (M. Leenders 1932)—Plant Patent 107. The name fits the case. The petals are fluted or waved, permanently from the bud stage to the finish. Blooms rather large for the type, in great clusters. Rosy pink with cerise edges. Handsome plants may be grown tall enough for a low hedge. Price: \$1.50 each, \$15.00 per dozen.

Princess Van Orange (DeRuiter 1933)—Plant Patent 106. Sensational climbing sport of Gloria Mundi. It has strong growth and rich green foliage. The branches are literally covered with masses of blazing Gloria Mundi red flowers in polyanthalike trusses. The most talked of European climbing novelty in many years. Price: \$1.25 each, \$12.50 per dozen.

Orange Glow (H. A. Verschuren & Sons, 1936)—A new Baby Rambler from Holland producing large upright trusses of bright golden orange flowers. In our trial garden this season this variety has proved the brightest of all the Baby Ramblers. Price: \$1.00 each \$10.00 per dozen.

ROSA ROULETTI

Alpine Rose—The pink rock Rose blooms practically nine months of the year, if planted in full sun in good soil. It attains a height of 10 inches. Price: 75c each, \$7.50 per dozen, \$60.00 per 100.

STANDARD TREE ROSES

Price: \$3.00 each, \$30.00 Per dozen

Betty Uprichard—Coppery red buds, opening to semi-double flowers of above average size; brilliant orange carmine on outer surface of petals, showing light salmon reflexes; spicy fragrance. Strong growing persistent blooming and healthy.

Caroline Testout—Long, pointed buds and large, full, double, globular moderately fragrant flowers. Satiny Rose with brighter center.

Dame Edith Helen—The flowers resemble a perfectly shaped bright pink Francis Scott Key. The most perfumed pink Rose there is.

Etoile de Hollande—Brilliant red blooms of magnificent size, perfect in half open state, showing clean, attractive centers when fully open; petals enormous; very fragrant. Plants branching; particularly free flowering and healthy.

E. G. Hill—The flower is dazzling scarlet, shading to a deeper pure red as it develops. It produces long stems naturally and the foliage develops freely and is of fine color. The bud is unsurpassed in beauty—except by the open flower, which is a wonder.

Golden Dawn—An ideal yellow garden Rose. Color, ovoid lemon yellow bud heavily splashed with crimson before opening, developing into a well formed, sweetly scented, large, double, yellow reminding one of the old favorite Marechal Neil. Strong, vigorous and free flowering.

Joanna Hill—The blooms are clear yellow, deepening at the center and hold their color under artificial light. It produces strong stems without pinching and can be grown at low cost and sold at a more reasonable price than Souv. de Claudius Pernet.

Kaiserin Augusta Viktoria—Creamy white, immense substance, petals smooth and nicely arranged. A popular variety.

Los Angeles—A luminous flame pink toned with coral, with lighter shading at the base. Very vigorous grower.

Mme. Edouard Herriot—The original of all the bright orange-pink varieties.

Mme. Butterfly—A glorified Ophelia. Salmon on golden pink. Ophelia always admired for its long shapely buds, and its fair sized, double, lasting, fragrant flowers. Salmon-flesh shaded light yellow at the base of the center petals. A free and continuous bloomer.

Mrs. Henry Bowles—A luminous, deep salmon pink, and a Rose of very striking appearance. Beautifully, long-shaped buds, developing into perfect high-centered full double flowers.

Rapture—A much improved sport of Mme. Butterfly, as far ahead of Mme. Butterfly as Mme. Butterfly was of Ophelia. The growth is even freer than Mme. Butterfly and the foliage particularly handsome. The color is an exquisite salmon shade, deeper than the very best Butterfly, with the same golden flush at the base of the petals.

Souvenir de Claudius Pernet—This variety is a clear shining yellow, with very glossy foliage. The growth of the plant is sturdy and clean and it has made a mark for itself in all sections of the country.

Talisman—Combinations of shadings of gold, apricot, yellow, deep pink and old rose. Long and well pointed bud, and develops into full double flowers. Foliage, green and glossy.

HARDY PERENNIAL PLANTS

Our perennials do not cover every variety, but we do suggest and describe the best kinds for garden planting. All our plants are the best that can be grown and tested for quality.

They are the same Totty "Standard of Excellence" we sell to the particular florist for greenhouses and outdoor planting

Price: 3 for 75c; \$3.00 per dozen; \$20.00 per hundred, except where noted
At least three plants of one variety must be purchased to obtain the dozen rate
Varieties starred (*) are suitable for Rock Garden

ACHILLEA

***Ptarmica, the Pearl**—Small heads of pure white flowers, excellent for cutting. Blooms from midsummer to October. About 18 inches high.

ACONITUM (Monkshood)

Fischeri—A fine hardy variety with dark blue flowers in September and October, 2-3 feet in height. The Aconitums do well in a shady or half shady location.

Sparks Variety—The darkest blue of all, flowering in June and attaining a height of about 2½ feet. Does well in a shady or half shady location. **Price- \$5.00 per dozen, \$35.00 per 100.**

AJUGA

***Brockbanki**—Bronze foliage, with blue flowers. Height, 4 inches.

ALYSSUM (Rock Madwort)

***Saxatile Compactum**—Splendid plant for the rockery or border, growing a foot high; golden yellow flowers with dense, compact heads. 1 foot. April and May.

ANCHUSA (Alkanet)

Dropmore Variety—Rich gentian blue; one of the earliest of the blue flowers. Plants form beautiful specimens, 3 to 4 feet high. One of the most exquisite blue flowers for the garden. June to August.

***Myosotidiflora**—This Dwarf Anchusa comes into bloom in May, and continues blooming for about six weeks. The flowers somewhat resemble Forget-me-nots but are the brilliant blue of the tall Anchusa. It grows about 1 foot high and is admirably adapted to rock gardens or borders.

ANEMONE JAPONICA (Windflower)

Pulsatilla (Pasque Flower)—Large cups of violet filled with golden tassels. Early Spring. **Price: \$2.50 per dozen, \$15.00 per 100.**

Sylvestris—Chaste fragrant white flowers on 8-inch stems freely produced in May and June, and occasional flowers in the fall. Splendid for a cool, moist corner of the rock garden or border. **Price: \$2.50 per dozen, \$15.00 per 100.**

September Charm—A lovely new variety, a cross between Anemone Hupehensis and Japonica Queen Charlotte, combining the good qualities of both. Flowers of lovely silver-pink, shaded with rose and mauve, are produced in great profusion from September to hard frost. Height 2 feet. **Price: 50c each, \$5.00 per dozen.**

Queen Charlotte—One of the most beautiful plants in our fall gardens, blooming in September and October. Grows about 18 inches high and is excellent for cut flowers in the house. Semi-double, beautiful light pink. (See illustration page 34.)

Whirlwind—Semi-double, pure white.

Hardy Perennial Plants • • • TOTTY'S, MADISON, N. J.

ANTHEMIS (Hardy Marguerite)

Tinctoria, Perry's Variety—This has large, Marguerite-like flowers about twice the size of the *Kelwayii*, and much longer flowering season. 2 feet. June-October.

ARABIS (Rockcress)

***Ferdinand-Coburgi**—A lovely cushiony rockcress with neat green rosettes and white flowers in the spring. 6-8 inches high. This variety never becomes straggly and is attractive in the winter. Price: \$3.50 per dozen, \$25.00 per 100.

***Florepleno**—Double flowering form of the above; flowering two weeks later. 12 inches.

ARMERIA (Thrift)

***Bee's Ruby**—One of the very finest deep pink flowers of *Armeria*—not a very tall grower, but very sturdy and showy.

Caespitosa Hybrida—Compact cushions of dark green covered with large flower heads of rose, and white on stems 3 inches high. Price: \$3.50 per dozen, \$25.00 per 100.

***Lauchiana**—Adapted to growing in pockets between rocks. Vivid pink flower, borne on 5 inch stems; flowering May and June.

ARTEMISIA

Lactiflora—One of the most useful tall plants we have, blooming in August and September. Grows about 4 feet high and makes a splendid foliage background for Phlox and Summer Lilies. The milk white bloom is borne on graceful sprays, producing a lacy effect.

Silver King—A very useful plant, growing about 3 feet high and blooming in early Summer. Producing beautiful sprays of mist like flowers with silvery gray foliage adding an effect of lightness among the dark green foliage of the other perennials in bloom at that time.

ASTILBE—See Spiraeas

AUBRETIA (Wallcress)

Assorted varieties in rich purple and mauve shades. Tiny flowers blooming in early spring, making a perfect sheet of color in the rock wall or garden. Splendid for edging in the early spring. Height 3 inches.

AQUILEGIA (Columbine)

These native flowers of North America are wonderfully useful as cut flowers. Will grow in any location, but give best results in well drained and sunny position. One of the best known hardy perennials. May and June.

(Howard's Hybrids)

The Rocky Mountains have given us many beautiful flowers, but nothing to touch these marvelous *Aquilegias* with their lovely pastel shades, as delicate as a fleecy cloud in a Summer sky of palest blue. These charming colors run from light blue through all the shades of light pink, creamy white, delicate lavender, to brilliant scarlet. When massed in mixed color in the perennial border they give an effect of airy daintiness not surpassed by any other flower. Assorted colors only.

***Vulgaris compacta erecta edelweiss (New)**—Large, erect, snow-white double blossoms. Price: 50c per plant, \$3.50 per dozen, \$25.00 per 100.

NOVELTY DWARF ASTERS

Delivery from 3-inch pots March 1 onward. Price: 50c per plant, \$5.00 per dozen, \$35.00 per 100.

These Asters make magnificent border subjects and are splendidly adapted for rock garden work since they only attain a height of about 9 inches and are absolutely covered with flowers during the month of September. They are an acquisition to Rock Garden enthusiasts on account of their magnificent colors and free flowering habit. Also they are in flower at a time when flowers in the Rock Garden are scarce.

Constance—A really pure shell-pink, a delightful color, of very graceful habit. October. 8 inches.

Diana—Large delicate soft pink semi-double flowers with pretty feathery green foliage. September. 9 inches.

Hebe—A compact variety with small, deep pink flowers, an ideal rock plant. September. 10 inches.

Lavanda—Lavender-blue flowers, free flowering and early, commencing to bloom early September. 6 inches.

Lilac Time—Lovely soft lilac flowers, free flowering, of bushy habit. September-October. 12 inches.

Niobe—The only white variety, of dwarf, compact habit, with pure white flowers. September. 6 inches.

Anemone Queen Charlotte (See page 33)

STANDARD VARIETIES

Price: 35c per plant, \$3.00 per dozen, \$20.00 per 100.

***Countess of Dudley**—Charming clear pink flowers with yellow eye, of bushy habit and free-flowering. October. 1 foot.

***Marjorie**—A charming plant of compact habit, bearing large flowers of a bright rose-pink. Mid-October. 9 inches.

***Nancy**—Of dwarf bushy habit and very free-flowering, the plants being covered with pale flesh-pink flowers toward the end of September and early October. 9 inches.

***Donald**—Forming a dwarf bush covered with flowers of a pleasing bright shade of lilac-pink with rose-pink buds, very showy. Early October. 12 inches.

***Snowsprite (Snow Fairy)**—A very dwarf, early fall-flowering variety forming compact clumps about a foot high. These are smothered with large semi-double white flowers. It is a splendid novelty which deserves a place in every garden.

***Victor**—The dwarfest of all and very pretty. The flowers are of good size and of a beautiful clear pale lavender-blue; a charming rock-plant, flowering mid-September. 6 inches.

NOVELTY (Michaelmas Daisy)

Hardy Asters or Michaelmas Daisies are becoming more popular each season for the Fall gardens. They come in practically every shade of color with some varieties very useful as cut flower subjects. Since they are rampant growers it is not necessary to grow them in large quantities in order to have a splendid show during the month of September. They do not require any special culture and can be depended on to give splendid results in any location. Price: 50c per plant, \$5.00 per dozen, \$35.00 per 100.

Aurora—Large semi-double flowers of a beautiful clear shell-pink with yellow center, charming feathery foliage and of bushy habit. September. 18 inches.

Blue Bouquet—Large, clear, violet-blue flowers with yellow eye, very charming. October. 18 inches.

Dorothy Vokes—Of very distinct bushy habit, covered with clear pink flowers. October. 15 inches.

Hybridus Luteus—Masses of bright clear yellow star-shaped flowers; compact habit. A border acquisition of yellow from July to September. Grows 2 feet; bushy. Cuts freely, keeps well.

Mount Everest—A wonderful white aster, and by far the finest and best white. It forms very tall, well shaped, pointed pyramids with an abundance of lateral growths which flower right down to the ground. The flowers are large and dead white with a very small eye. Healthy foliage. 3-4 feet.

Red Rover—Novelty. Deep rosy-red flowers with golden center; buds bright red, giving us the first red fall aster. Compact habit; very free blooming. Should be in every border. A real novelty for the fall garden. 3-4 feet. September to frost.

STANDARD VARIETIES

Anita Ballard—Soft cornflower-blue. Flowers two inches across. Very early and free flowering. The broad ray florets are recurved with pale silvery undersides. Height 3 feet.

Barr's Pink—Lovely light mallow pink with stiff petals and a brilliant golden center growing from 3 to 4 feet high. Well branched and the flowers are admirably spaced and give the appearance of a gigantic head of pink.

British Queen—Soft lavender blue, semi-double, unusually large, open flowers with pale yellow center. A vigorous growing, well branched plant that comes into bloom early September. Height about 4 feet. Excellent for cutting and decorative work.

James Kelway—A bright blue, single, keeps its color well and has fine, stiff branching habit. A very attractive companion to St. Egin. 3½ feet high.

Lavender Queen—Strong, erect branching growth about 3½ feet high. Pure lavender fringed petals, with golden center. Very attractive.

Marne—One of Mr. E. Beckett's varieties bearing soft pink flowers with yellow centers, blooming in September. 2½ feet high.

Dwarf Hardy Asters

Royal Blue—This is a large blue, apparently double at first, but when afterwards it opens fully, it forms distinct cup shape flower with a golden disk at the bottom. Medium height. Blooms early September. 2½ feet high.

Snowdrift—Dwarf: branching pyramids of large snow-white semi-double flowers. Mid-season bloom.

Skylands Queen—Exceptionally large lavender blue flowers with clear yellow center. A very decorative flower in the border, and most attractive as a cut flower. It blooms during late August and September, and grows about 3 feet high.

Wonder of Staefa—Exceptionally large flowers, almost 2½ inches across, of a soft wisteria-violet shade, with large yellow centers. This Aster has a longer blooming period than any other variety, flowering from late August to frost. The habit of growth is open and branched, so that the individual flowers are displayed to their fullest beauty. We consider it both for cutting and table decorations, the finest Aster introduced so far. Price: \$3.50 per dozen, \$25.00 per 100.

ASTER

***Subcoeruleus**—A very handsome specimen of Perennial Aster from Northwest India, mauve marguerite like flowers attaining a size of about three inches across with bright orange center. A beautiful "cutting subject" for the flower garden.

BAPTISIA (False-Indigo)

Australis—Very attractive dark blue, pea shaped flowers in long curving racemes, somewhat similar to Lupines, but more hardy in every way. Blooms in June and is about 2 feet high. Suitable for the hardy border or wild garden and not at all particular as to soil requirements.

BOLTONIA (False-camomile)

Asteroides—Flower heads pure white; flowering at the same time as the popular Michaelmas Daisies. 5 to 6 feet.

Latisquama—Beautiful pink flowers. Same type as above. 5 feet.

BUDDLEIA

Veitchiana—Beautiful violet mauve; a splendid Summer flowering shrub, absolutely hardy under any conditions; flowers are borne on long, cylindrical spikes, 12 to 15 inches in length; flowers the first season it is planted; a beautiful plant. 3 to 6 feet.

Magnifica Gigantica (See Shrubs).

Hardy Perennial Plants • • • TOTTY'S, MADISON, N. J.

CERASTIUM

***Tomentosum**—Silvery, low-growing foliage plant which is used very largely for planting dry, sunny spots. Carpet growth. May to mid-June.

CAMPANULAS (Canterbury-bells or Bellflower)

These lovely flowers have great variety of color and form and the taller varieties are useful for cut flowers as well as in the hardy border.

Medium—Blue, white, mauve and pink.

Calycanthemum—Cup-and-saucer. Blue, white, pink.

Double—Blue, white, pink.

Persicifolia (Telham Beauty Hybrids)—These very beautiful light blue bell-like flowers appear in June and July on 2½ foot stems. The great advantage of this type is that it is Perennial and these particular hybrids have much larger flowers than the former *Campanula Persicifolia*. This also comes in the large flowered white form of the above.

***Carpatica Blue**—A dwarf variety well suited to the rock garden, blooming from June to mid-October, a lovely blue flower on a slender stem 9 to 10 inches high.

***Carpatica Alba**—White form of the above.

***Garganica**—A very choice gem for the Rock Garden. It is very hardy, blooms from late June to September. Is a heavenly blue. and has trailing habit of growth, but at the same time is neat. The foliage is almost as distinctive and attractive as the flower; 3 to 6 inches high.

Caryopteris

CARYOPTERIS

Caryopteris Mastacanthus Superbus—A handsome and free flowering woody hardy plant, blue, pink, white, growing from 2 to 3 feet high. The long branches are completely covered with clear colored flowers during September and October. Well adapted for cutting and valuable on account of its late flowering habit. Price: 35c each, \$3.50 per dozen, \$25.00 per 100. One plant of each color for \$1.00.

Shasta Daisy

CENTAUREA (Knapweed)

Montana—The Perennial Cornflower. Producing large, violet blue flowers from July to September. 2 feet high.

CHELONE (Shellflower) (See also Penstemon)

Barbata—Hardy border perennial of Penstemon-like habit, producing long spikes of brilliant, scarlet flowers. Has not been grown very extensively in this country as yet. Height 3 feet. July to September.

Shell Pink—A delightful new form of the above, being the same hardy border plant, but the color is a wonderful shell pink, and the plant grows about 24 inches high. It comes into bloom in July and if the first bloom is cut back after the flowers have faded, it will send up second and third growth to carry the bloom into early September.

CIMICIFUGA (Snakeroot)

Simplex—Most valuable because it blooms late, beginning in September but attaining its full beauty middle of October. Has lovely dense spikes of white flowers which are good for cutting. Grows 2½ to 3 feet high. Price: \$1.00 each per plant, \$10.00 per dozen.

CHRYSANTHEMUM MAXIMUM (Shasta Daisy)

Elder Daisy—One of the finest and earliest Shasta Daisies we have ever seen. Begins to flower early in May producing a profusion of large glistening Daisy-like white flowers on sturdy stems. 2 feet high. Is splendid in the border and cannot be excelled, as a cut flower in the early season. Very hardy and adaptable to all types of soil, but requires full sun for proper development.

Leucanthemum—Pure white flowers of medium size, excellent for cutting. Perfectly hardy in all sections, flowering May and June. Height 2½ feet.

Mrs. Charles Lothian Bell—A fine, improved form of English Daisy, blooming continuously during the months of June to August, and attains a height of about 2½ feet.

CONVALLARIA (Lily-of-the-Valley)

The most familiar hardy perennial we list. An excellent plant for shady locations. Spikes from 8 to 10 inches high. Small, bell shaped pure white flowers, blooming in early Summer. Very fragrant.

COREOPSIS (Tickseed)

Lanceolata Grandiflora—Rich golden yellow. One of the finest flowers for cutting ever introduced to cultivation. Height 3 feet. June to September.

Totty's DELPHINIUMS

Again Win Honors

The medal illustrated is only one of the many trophies that have been given to our Delphiniums at shows in different parts of the country, and among the most pleasing features of our business are the letters we receive from our clients expressing their delight at the size, color, and finish of our flowers as grown by them. Delphiniums are not difficult to grow. Plant them in deep, rich soil, liberally fertilized with cow manure. Whoever got the idea that Black Rot was caused by animal manure was greatly mistaken. Feed your plants very liberally, water them profusely when growth is being made. Use lime freely at all times. Plant Totty's Delphiniums and enjoy more pleasure from your garden than you ever had in your life.

We have made a specialty of Delphiniums the past twenty years, and we have some of the named varieties, that we can still supply, as follows:

Clarice—Large, double soft pink flowers forming a compact spike. One of the best in light shades. **Price: \$3.00 each, \$30.00 per dozen.**

Countess Cowley—The spike is magnificent, the eye is black and the flowers are of splendid shape and substance. The outer petals are sky blue and the inner petals are varying shades of mauve. It is very double and in all respects a gorgeous type of Delphinium. **Price: \$3.00 each, \$30.00 per dozen.**

James W. Kelway—Bold, tall spikes, clear bright blue and deep mauve with a distinct white center combines well with the light or dark varieties; very vigorous growth 5 to 6 feet high. **Price: \$3.00 each, \$30.00 per dozen.**

Lovely—Outer petals porcelain blue with mauve pink inner petals and clear white eye. A magnificent spike of flower. 5 feet high. **Price: \$3.00 each, \$30.00 per dozen.**

Millicent Blackmore—Soft medium blue and violet mauve with black irregular center. **Price: \$3.00 each, \$30.00 per dozen.**

Mrs. Newton Lees—Mauve edged with Chinense blue with a very distinctive tan center, very full double flower to be classed in the group of dark shades. **Price: \$3.00 each, \$30.00 per dozen.**

Sir Douglas Haig—A fine spike of medium blue and rosy mauve combined with a dark center, a splendid color contrast with Lovely or Clarice. **Price: \$3.00 each, \$30.00 per dozen.**

Violet Robinson—Very dark rich outer petals tipped with bright blue, very prominent white center, striped purple. **Price: \$3.00 each, \$30.00 per dozen.**

DELPHINIUM HYBRIDS

We offer selected plants of special types and colors, two year old plants, for **50c each per plant, \$5.00 per dozen, \$35.00 per hundred.**

Other Types

Belladonna—Sky-blue, beautiful sprays; large flowers with white centers, one of the best known. Height 2 to 3 feet. Blooming June and July.

Chinense Blue—Clear bright Chinense blue, a splendid carrying color in the garden. 20 to 24 inches high. Blooms June to Frost.

WINS

"Gardens of the Nations" Award

Hardy Perennial Plants • • • TOTTY'S, MADISON, N. J.

Dianthus

CORONILLA

Cappadocica—A beautiful glaucous mat producing a mass of golden yellow pea-shaped clusters during late May, June, and July, 4-6 inches. Price: \$3.50 per dozen, \$25.00 per 100.

CYCLAMEN

Hederafolium (Hardy cyclamen)—Flowers of fragrant pink to cherry red, with beautiful marbled leaves. A choice alpine and comparatively easy to grow. May be used for naturalizing in half shade. Price: \$5.00 per dozen, \$35.00 per 100.

DAPHNE (Garlandflower)

Cneorum—The gem of rock garden shrubs, blooming heavily twice in the season with clusters of arbutus-like flowers, scented sweetly. Price: 6-8 inches, 50c each, \$5.00 per dozen; 8-10 inches, 75c each, \$7.50 per dozen.

DIANTHUS

***Beatrix**—A fine hardy garden pink, which is becoming very popular. The flowers of a lovely salmon-pink color are very fragrant and freely produced in May and June, and throughout the season, if kept from seeding. Price: 50c per plant, \$3.50 per dozen, \$25.00 per 100.

Highland Queen—A free-growing variety, bright crimson single flowers.

***Plumarius (Perpetual Pink)**—The old-fashioned hardy pinks with that elusive spicy clove fragrance. They range from white with red eye to deep pink. These delightful plants require well drained soil and full sun.

DICTAMNUS

(Gasplant or Burningbush)

An old garden favorite which has a strong smell of lemon and will sometimes give a flash of light on a sultry Summer evening when a lighted match is held near the flowers. Succeeds well in partial shade or full sun. Should not be moved after once established. Price: 50c per plant, \$5.00 per dozen.

Fraxinella Rubra—Rosy pink blooms in early Spring; glossy, handsome foliage throughout the season. 3 feet high, suitable for border or specimen plant. Price: 50c per plant, \$5.00 per dozen.

Fraxinella Alba—Pure white form of above. Price: 50c per plant, \$5.00 per dozen.

DIELYTRA (Bleedingheart)

***Eximia (Fringed Bleedingheart)**—A dwarf Bleedingheart that literally blooms all season. It grows about 12 to 15 inches high, has very finely cut foliage and graceful racemes of pink, heart shaped flowers. It comes into bloom in May and flowers until late October. Price: 50c per plant, \$5.00 per dozen.

Spectabilis—Graceful, heart shaped, pink flowers; one of the choicest memories of old-fashioned gardens. Especially valuable for planting in shady spots. 2 feet. April and May. Price: 75c per plant, \$7.50 per dozen.

DIGITALIS (Foxglove)

A very attractive addition to the herbaceous border, thriving in sun or partial shade in light, rich loam. Blooming in June and July.

The Shirley Foxglove—Exceptionally tall stately plants of very vigorous growth with wonderful blooming spikes, 3 feet long. In assorted colors only, ranging from palest pink to deepest rose with crimson dots.

DORONICUM (Leopardbane)

Caucasicum—A very showy daisy-like flower of clear bright yellow, blooming in April and May. The most pleasing color scheme results when this is planted with Phlox Divaricata Laphamii. Very hardy and succeeds well in full sun or semi-shade. Height 1½ feet.

EPIEDIUM

***Macranthum Niveum**—This lovely subject is ideal for a shady position in the rock garden or border. Bronzy foliage of exquisite habit. Panicles of pure white flowers in May. 8 inches high. Price: \$5.00 per dozen, \$35.00 per 100.

***Alpinum**—Small, bronzy red, starry flowers. 12 inches high. Price: \$5.00 per dozen, \$35.00 per 100.

***Sulphureum**—Pale yellow flowers. Price: \$5.00 per dozen, \$35.00 per 100.

Four each of three above varieties for \$4.50.

Digitalis

ERIGERON (Fleabane)

A very fine hardy Perennial growing about 18 inches high, and in June and July bearing a profusion of aster-like flowers. Showy in the border and unexcelled for cutting.

***Speciosus (The Midsummer Daisy)**—Large clear pale mauve flowers with bright golden centers. Excellent for cutting. Height 18 inches.

EUPATORIUM (Hardy Ageratum)

Conoclinium or Coelestinum—A splendid border plant with lavender blue Ageratum-like flowers, adding blue to the border from August to frost. 1½ to 2 feet high.

EUPHORBIA (Milkwort)

Polychroma (Epithymoides)—A beautiful formal plant growing one foot high. Little roses of yellow flowers during May-June.

FUNKIA (Plantainlily)

Lancifolia—Very useful for borders and in partial shade. Late in season it produces a spike of lavender flowers. Plant does not attain a height of over 10 inches, but flower stalks will run up to about 2 feet.

Subcordata Grandiflora—The "August Lily." Fragrant, pure white, Lily-like flowers, flowering in August and September. Does well in partial shade; has very handsome foliage. Height, 2 to 2½ feet.

GAILLARDIA (Blanketflower)

Crimson Glow—Similar in habit to the very large flowering single, but the blooms of this type are a rich crimson with practically no yellow showing whatever. A magnificent acquisition to the Perennial garden on account of its rich striking color. Price: 50c each, \$5.00 per dozen, \$35.00 per 100.

Grandiflora—One of the best known Hardy Perennials, growing to a height of about 20 inches. Blooms from early June until frost. Flowers rich red brown, edges of petals bright golden yellow.

GENTIAN

***Acaulis**—The treasure of the Alps. Large trumpets of electric blue lifting from a nest of smooth leaves. Price: 50c each, \$5.00 per dozen.

Sino-Ornata—A rare Chinese Gentian with immense dark blue trumpets during August and September. Thrives in shade and moisture. Semi-prostrate. Price: \$6.50 per dozen, \$40 per 100.

Gentian Acaulis

Purdomi—A Tibetan species with bright blue trumpets flowering in mid-summer to fall. \$5.00 per dozen, \$35 per 100.

GEUM (Avens)

***Borisii**—A new variety of dwarf habit with warm blood orange flowers on 8 to 10 inch stems. Free flowering from May to July, and often again in the fall. Price: \$5.00 per dozen.

Lady Stratheden—A recent introduction in great favor, having all the good qualities of Mrs. Bradshaw; the flowers are a bright golden yellow, blooming from June to October. Perfectly hardy, but requires full sun and a fairly light soil.

***Mrs. Bradshaw**—A new, large, double, scarlet variety, blooming the greater part of the Summer and Fall. Height 15 inches.

THE BETTER GYPSOPHILA

Bristol Fairy—Bristol Fairy has all the virtues of the popular Gypsophila paniculata, flore-pleno as a garden and landscape subject. It is sturdier, more graceful, and has much more distinct white flowers. Best of all, it is an all-Summer plant, blooming periodically from June till frost. Price: 50c plant, \$5.00 per dozen.

Gypsophila Repens Bodgeri—A new dwarf double-flowering Gypsophila reaching a height of about 2 feet. It blooms at least two weeks earlier than any other double-flowering form which makes it particularly desirable either used for garden display or for cutting. Price: 50c each per plant, \$5.00 per dozen.

***Repens**—A creeping Baby's Breath for the rock garden, with dainty blush white flowers in June and July. Height 4 inches.

Gypsophila Repens Bodgeri

HEDERA CONGLOMERATA

Rock Ivy—Cushions of miniature Ivy foliage. Price: 50c each, \$3.50 per dozen, \$25.00 per 100.

HELENIUM (Helenflower)

This magnificent perennial during its blooming season from early August until middle of September, literally produces hundreds of beautiful yellow to bronze, colored flowers.

Autumnale Superbum—Broad, spreading heads, deep golden yellow flowers. One of the most striking flowers in cultivation. 5 to 6 feet.

Autumnale Rubrum—Similar to Superbum, but has bright, terra-cotta red flowers; makes a wonderful display during the month of September. 5 to 6 feet.

HELIANTHEMUM (Rockrose)

An evergreen rock plant that fills spaces between rocks and softens edges of shelving rocks. Besides its outstanding value in the rockery, it makes a beautiful edge for the hardy border, and will grow well on sunny dry banks.

The plants are covered with dainty little rose like flowers during June and July.

Amabile—A double bronze. **Rose Queen**—Deep rose variety.

Aureum—Bright yellow variety. **Mrs. Earle**—Fine double red.

Duchess of Croyden—A peach pink variety. (New).

HELIANTHUS (Sunflower)

Multiflorus Flora Plena—Deep golden yellow with quilled petals, similar to a Dahlia. Height 4-5 feet. Flowering August and September.

Hardy Perennial Plants . . . TOTTY'S, MADISON, N. J.

HELIOPSIS (Orange Sunflower)

Imbricata—Large double brilliant yellow sunflowers produced in great profusion from July to frost. Splendid for cutting. 2 to 2½ feet.

***Scabra Gratissima (New)**—Imported variety. A full double golden yellow. Excellent for cutting. 100 per cent true.

HYBRID HEMEROCALLIS

The following list is an improvement on the original Hemerocallis introductions, and by careful selection one may have this flower blooming for the entire season. They have a very fine carrying color in the garden, and the price on same is **\$1.00 each per plant, \$10.00 per dozen.**

Bay State—This is a deep yellow, blooming the middle of August.

Cressida—This is a true orange color, blooming the middle of July.

Donald D. Wyman—Golden yellow; tawny splashed petals. July and August. 2½ feet.

Goldeni—A very fine deep golden orange. Flower matures in July. 3 feet.

J. A. Crawford—Large flowers of apricot and cadmium-yellow in June and July.

Lemona—An extremely vigorous, upright growing variety producing quantities of pale, lemon yellow flowers. Very early.

The following are the old fashioned types and the price on same is **35c per plant, \$3.00 per dozen.**

Amaryllis—Beautiful golden orange. July and August. 3½ feet.

Flava—Fragrant clear yellow flowers. Blooms earliest of these charming Lilies, coming in May and June, and is useful as a cut flower as well as in the herbaceous border. 3 feet high.

Florham (Golden Day-Lily)—Golden yellow with Indian yellow shadings. June and July. 3 feet.

Kwanso Flora Plena—Double; bright orange. July. 4 to 5 feet.

Luteola Major—A great improvement on Luteola or Florham, with much larger flowers.

Mrs. J. R. Mann—Rich deep yellow orange. July and August. 3 feet.

Sovereign—Chrome yellow, flowering June and July, very attractive, about 2½ feet.

Thunbergi—Blooming in late July. This comes after the other varieties. Is a rich clear lemon yellow. 3 feet high.

HEUCHERA (Coralbell)

Few hardy Perennials lend themselves to as many uses in the garden as Heuchera. It makes a beautiful border with its rosettes of heart shaped leaves, that remain green most of the Winter.

From late June to September they send up slender spikes 18 inches high, covered with small bright coral-bells. It is ideal in the Rock Garden and fills an important blooming period in the herbaceous border. As a cut flower, it keeps well and is most attractive used with other flowers for a table decoration.

Sanguinea—Pale pink to vivid crimson.

Hesperis

HESPERIS (Sweet Rocket)

Showy, terminal, pyramidal, fragrant spikes, resembling stocks; blooming from June to August. Splendid for naturalizing in semi-shady places. 2 to 3 feet. In separate colors—lavender and white.

HOLLYHOCK

No old-fashioned garden is complete without Hollyhocks. Their stately spikes produce bold effects that cannot be obtained with any other flower. **Single Pink, Single Red, Single White, Single Purple.**

HYPERICUM

Polyphyllum—A charming ground cover with masses of large golden suns during the hot summer months. **Price: \$2.50 per dozen, \$15.00 per 100.**

IBERIS (Hardy Candytuft)

Among the many species of plants particularly suitable for dwarf beds, borders and the rockery, none surpass the hardy Candytufts in making a rich showing during their flowering season. The foliage is also quite ornamental, being evergreen most of the Winter.

***Sempervirens**—Pure white flowers which completely cover the plants in May. About 15 inches high, and splendid for edging borders and Rock Gardens.

Hemerocallis

FULTON'S
PLANTABBS
Odorless Plant Food Tablets

TALL LARGE FLOWERING BEARDED IRIS

The ideal time for planting Iris is during the months of July, August and September when they have finished flowering; and unless our customers particularly request Spring delivery, we will ship all Iris orders during these months.

In the description, "S" is used to designate the standards or upright petals; "F" the falls or drooping petals.

Standard Varieties

Price: 25c per plant, \$2.00 per dozen, \$15.00 per 100.

Celeste—Light lavender blue.

Dalmarius—S. satiny gray. F. lavender with yellow beard.

Eldorado—Yellow brown and heliotrope.

Jeanne d'Arc—A wide open flower with ruffled edges lightly traced in pale lilac, with the entire style branches a fresh, clear lilac. 32 inches.

Lohengrin—A. M., R. H. S. A. A large flower, both S. and F. in shades of Cattleya mauve; petals very responsive to the strength or softness of the light. A plant of vigorous habit and good foliage. 32 inches.

Mandraliscae—S. deep blue; F. violet mauve with pale yellow, striped throat; 3½ feet high.

Mrs. Alan Gray—S. and F. soft pinkish lilac. Blooms with the intermediates and invariably for us sends up spikes of bloom in the Autumn. No Iris is lovelier in mass. 30 inches.

Nibelungen—S. fawn. F. bronzy purple edged fawn.

Iris Pallida Dalmatica (Sometimes known as Princess Beatrice)—The standards and falls are clear lavender-blue, shading to a pale silvery blue at the base. It is of strong vigorous growth over three feet high with unusually heavy glaucous foliage. Sweet scented.

Plumeri—S. rose mauve with metallic shadings. F. deeper.

Prosper Laugier—A bronzy red; F. ruby velvet. The feeling of gold in its tones makes it the needed touch in a border of shades of yellow. Excellent also with creamy whites.

Quaker Lady—S. smoky lavender, shaded with gold; F. amethyst blue with yellow shadings. Styloid petals and beard yellow.

Queen Alexander—Mauve blend.

Japanese Iris

Rhein Nixe—A. M., R. H. S. Standards clear white; F. rich raspberry purple with white edge. Tall, vigorous branched spikes. 3 feet.

Sherwin-Wright—Flowers most profusely. A rich golden yellow without markings or shadings. The best and showiest yellow for mass planting. 2 feet.

SIBERIAN IRIS

Sibirica, Variety Orientalis—These are grassy-leaved Irises retaining lovely flowering foliage throughout the season and blooming just at the close of the bearded Iris season. The delicately poised blossoms are attractive and valuable both for cutting and garden decoration.

White. Price: 50c per plant, \$2.50 per dozen.

Shades of Blue. Price: 50c per plant, \$2.00 per dozen.

DWARF IRISES

Price: 25c each, \$2.50 per dozen, except where otherwise noted.

***Cristata**—A dainty creeping species; flowers rich amethyst blue, striped orange; increase rapidly. A little gem for borders, rock work or low massing. It is happier in locations that are shaded a part of the day. Given these conditions and time to mass, it will delight all who try it.

***Pumila Atroviolacea**—Purple.

***Pumila Cyanea**—Large flowered bluish-purple variety.

***Tectorum**—Blue. Price: 50c each, \$5.00 per dozen.

JAPANESE IRIS

Price: \$3.00 dozen, \$20.00 per 100.

These magnificent Irises are a truly gorgeous sight and extend the Iris season well into July. The colors are many and brilliant, and add greatly to any garden.

They thrive in any good, mellow clay loam and while they like plenty of moisture during the growing season, flooding with water is not a necessity, as many suppose. It is essential to keep the ground well stirred. Be sure water does not stand over them in Winter.

Blue Jay—Double sky blue, distinct white lines on each petal.

Dominator—Single. A dark violet blue, lighter veinings of orange at base of falls; makes a splendid spot of color in the July garden.

Upright standards, very large, horizontal falls.

Gold Bound—Double. Large, double white enriched by a creamy glow, from the gold banded center.

Pyramid—Double violet purple, veined white in center of each petal.

Red Riding Hood—Single; fine amaranth, veined and suffused white.

Rose-Anna—Double, mauve lavender, darker halo. Petals of soft, crepe like texture, with yellow blotch at base.

Violet Beauty—Large, single flower of a rich, dark violet purple, with long, conspicuous yellow center and graceful, crepe-like texture. A tall growing variety, very showy in garden.

LAVANDULA VERA (Sweet Lavender)

Lavandula Vera (Sweet Lavender)—Sometimes called Spica or Officinalis, a shrub attaining a height of about 3 feet, producing lavender flowers later in the season mostly grown for its fragrance or drying for Winter use. It is extensively used for Rock Gardens or as a border.

LINUM (Flax)

***Narbonnense**—Forms a dense spreading growth. Blooms produsely from early May to midsummer. Flowers sky blue, most attractive in rock garden or hardy borders, about 18 inches in height.

***Flavum**—This yellow form of the above variety, but more compact in growth, being only a foot high. It is covered with light yellow flowers, during June and July.

***Perenne**—One of the most effective of the blue perennial flowers, growing about 18 inches high and flowers from May to July. When planted en masse, makes a very beautiful show of color.

LITHOSPERMUM

Prostratum, Heavenly Blue—An evergreen alpine shrublet, spreading mats of darkest green and covered with a profusion of large sky-blue flowers from May to July, and again in the fall. Truly a Heavenly Blue. Price: \$5.00 per dozen, \$35.00 per 100. EXTRA LARGE. Price: \$7.50 per dozen, \$50.00 per 100.

LILIES (Cultural Notes)

Most Lily bulbs may be planted in the Spring or Fall. The most important factor in growing Lilies is that they should have good drainage. Manure or commercial fertilizer should never be allowed to come in direct contact with the bulbs, as this is often the cause of rotting and disease. In planting, dig the hole 6 inches deeper than the bulb is to be set and place some well decomposed leaf-mold in the bottom of the hole. Over this, place an inch or two of sand. The bulb is then placed on its side on the sand. A mulch of peat moss or leaf-mold is very necessary during the Summer, with straw and leaves for Winter covering.

Lilium Auratum (The Goldbanded Lily of Japan)—Flowering in July and August. Large, pure white flowers with gold band and crimson spots, very fragrant. Does not like lime. Plant bulb 9 to 12 inches deep. **Price: 50c each, \$5.00 per dozen.**

Lilium Candidum (Ascension or Madonna Lily)—This is the Lily grown in all old-fashioned gardens; five to eight pure white flowers, borne on stems 3 to 4 feet high. Delphiniums grouped with these beautiful Lilies make a charming combination in the hardy border during the month of June. Plant 3 inches deep. **Price: 50c each, \$5.00 per dozen, \$35.00 per 100.**

Six-inch pot plants for spring planting outside. Delivery April 1st. **Price: 75c each, \$7.50 per dozen.**

Elegans—A hardy dwarf Lily doing well in ordinary garden soil. Large erect flowers in shades of orange, red and yellow. Blooms June and July. Height 1½ to 2 feet. Plant 6 inches deep. **Price: 50c each, \$5.00 per dozen.**

Alice Wilson—Clear lemon yellow variety. **Price: 50c each, \$5.00 per dozen.**

Orange Queen—Large orange flowers, spotted black. Very fine. **Price: 50c each, \$5.00 per dozen.**

Lilium Henryi—Very similar to Speciosum except in coloring, which is a gorgeous orange yellow with a green stripe down the center of each petal. This Lily blooms in August and September, which makes it very valuable for the late Summer garden. It is perfectly hardy and has no particular soil requirements. Plant 10 inches deep. **Price: 75c each, \$7.50 per dozen.**

Regale or Myriophyllum—Flowers white, slightly suffused pink, with a beautiful shade of canary yellow at the center. Delightfully perfumed, reminding one of the Jasmine. Blooms out of doors early in July. Absolutely hardy. Plant 8 inches deep. **Price: Large size 75c each, \$7.50 per dozen; small size 3 bulbs \$1.00, 12 bulbs \$3.50.**

Speciosum Rubrum Magnificum—Always satisfactory in the perennial border, perfectly hardy and blooming late into September. Flowers white, shaded and spotted with rose and very fragrant. A graceful stem, 3 to 4 feet high, carries from three to twelve beautiful blooms that open gradually, prolonging the blooming season. Plant 10 inches deep. **Price: 50c each, \$5.00 per dozen.**

Lilium Tigrinum (Simplex Splendens)—The well known Tiger Lily that flourishes in all situations, is hardy and easily cultivated. Bright orange red flowers thickly dotted with purple spots. Admirably adapted for mass plantings against shrubbery. Blooms July and August. Plant 9 inches deep. **Price: 50c each, \$5.00 per dozen.**

Leontopodium

Lupines

LEONTOPODIUM

Alpinum—The plant of myth and sentiment, Edelweiss, is easily grown in your own rock garden. A study in silver-gray. 6 inches. **Price: \$2.50 per dozen, \$15.00 per 100.**

LOTUS

Corniculata Fl. Pl.—A prostrate ground cover of great beauty, and perfectly hardy. Vivid green mats covered with umbels of yellow pea-shaped flowers. The buds are tipped with carmine. Late May and June, and often again in the fall. **Price: \$2.50 per dozen, \$15.00 per 100.**

LUPINES

Effective plants with large spikes of flowers blooming profusely in May and June. They grow best in well-prepared garden soil, preferably in a semi-shady location. 3 feet. **Blue, White, Pink.**

LYCHNIS (The Lamp Flower)

Chalcedonica—Most desirable variety, orange scarlet. 3 feet high. June to mid-July.

LYTHRUM (Loosestrife)

Roseum Superbum—Rose color, robust habit. 4 to 5 feet. July and August.

MERTENSIA (Virginia Bluebells)

Virginia—Blooms very early in the Spring, making a charming color scheme when planted with Doronicum. Flowers of bright blue, fading to pink and borne on graceful, drooping stems about 1½ feet high.

MONARDA (Bergamot)

Didyma—Brilliant crimson scarlet flowers, produced on plants about 2½ to 3 feet high, during the months of July and August. Very showy and bright when planted en masse.

MYOSOTIS (Forget-me-not)

***Palustris Semperflorens**—No hardy flower is better known or appreciated than this light blue variety. Early and free in bloom. Perpetual flowering type. Prefers a damp location, 6 inches.

NEPETA (Ground-ivy)

***Mussini**—A most desirable border or rock plant with gray green foliage and covered with masses of pale lavender blue flowers. Blooms from May to November if cut back once during mid-summer. 1 foot high and has a spread of 12 to 15 inches. Is a splendid ground cover. Especially useful in dry, sunny slopes to prevent washing.

NIEREMBERGIA

***Rivularis**—Trailing alpine plant; white, cup-shaped flowers with gold centers. July to September.

PACHYSANDRA (Japanese Spurge)

Terminalis—An evergreen ground cover unsurpassed for its adaptability to all situations and conditions. As a border for walks and drives it is most attractive. Also splendid for steep slopes in sun or shade, and for dense shade under any kind of trees. Pachysandra is the only plant to thrive under pine trees. It attains a height of about 8 inches. **Price: \$2.00 per dozen, \$15.00 per 100.**

*PHLOX DIVARICATA LAPHAMI

A perennial Phlox of pure gentian blue, growing to a height of 15 to 18 inches; unsurpassed as a border plant when planted in front of Darwin Tulips, since it flowers in May and continues flowering until early July.

No other garden flower blooming at this season shows this rare and beautiful color.

A solid bed of Phlox Laphami is one of the most attractive sights in any garden and we cannot too strongly recommend everyone to try at least a few plants of this remarkable plant.

STANDARD PHLOX

Price: 35c each, \$3.00 per dozen, \$20.00 per 100, except where noted.

Daily Sketch—Extra large trusses and individual flowers; color light salmon-pink with very faint carmine eye. An outstanding novelty.

Ethel Pritchard—A deep lavender, very much like Maggie Mott Viola in color. Beautiful large trusses of this unusual colored Phlox.

Frau Millie Korte—Large flowered salmon-pink, growing about 3 feet.

General von Heutz—Brilliant salmon scarlet with light center. A very striking variety, 3½ feet.

Jules Sandeau—One of the finest varieties. Forms large well rounded heads. Color a beautiful watermelon pink, very free flowering of vigorous growth.

Mrs. Albert Phillips—White with a pink eye. Improved Bridesmaid, growing about 3 feet high.

Mrs. Askew—Deep luscious pink with extremely large trusses of flowers with deeper carmine eye, growing about 3½ feet tall.

Mrs. Sam McGredy—An unusually fine Phlox, which we are sure will become very popular. The flowers are a pleasant soft mauve with a carmine eye, and the growth is strong and upright.

Miss Lingard—This is known as the early flowering Phlox, since it comes into flower in May and continues to flower continuously until October, or the very heavy frosts injure it. Height about 2 feet. Color, pure white.

Mrs. Jenkins—The most popular white variety so far introduced; splendid for planting en masse; blooms early and profusely.

Rheinlander—Beautiful salmon pink with claret red eye. Individual trusses of immense size.

Thor—Deep salmon pink, suffused with a scarlet glow, somewhat lighter in mass effect than General Chanzy. Has unusual gardenesque value.

The Queen—A beautiful orchid pink variety of the ever popular Phlox, Miss Lingard, called The Queen. It has the same early blooming habit, and the upright growth of dark glossy foliage. It is an ideal companion for white and pink Foxglove and makes a splendid showing during the months of June and early July.

Laphami

*PHLOX SUBULATA (Moss or Mountain Pink)

An evergreen creeping plant, excellent for edging the border or in the Rock Garden.

Produces masses of bloom in April and May, with moss-like foliage; invaluable carpeting for the ground.

***Alba**—Pure white.

***Brittoni**—A dwarf compact variety with starry pale mauve flowers with a darker eye.

***Rosea**—Rose pink. **Price: 35c per plant, \$2.50 per dozen, \$18.00 per 100, unless otherwise noted.**

PYRETHRUM (Persian or Painted Daisy)

One of the best perennials in our list. It is perfectly hardy, will thrive in any garden soil and in any situation except in dense shade under trees. As a cut flower it is unsurpassed in daintiness and keeping qualities. Blooms in May and June, and if cut back after first bloom will give flowers throughout the Summer and early Fall. Grows about 1½ to 2 feet high.

Single Mixed—From pale pink to deepest crimson.

ROSA ROULETTI

***Alpine Rose**—The pink Rock Rose blooms practically nine months of the year, if planted in full sun in good soil. It attains a height of 10 inches. **Price: 75c each, \$7.50 per dozen, \$60.00 per 100.**

RUDBECKIA

Golden Glow—One of the best known hardy flowers, blooming from July until September.

Purpurea—Large showy reddish purple flowers; 4 inches across. 3 feet. July to October.

SALVIA

Pitcherii—Deep blue flowers, borne on long slender spikes, 3 to 4 feet high. Blooms from August to frost. Can be pinched to produce flowers any desired height.

SANTOLINA (Lavender Cotton)

***Chamaecyparissus Incana**—A shrubby evergreen Perennial with aromatic silvery-white foliage. Small yellow flowers in round heads. Useful for sunny border and rock gardens. Height 1 foot.

Scabiosa

SCABIOSA (Pincushion Flower)

Caucasica—Sky blue flower, about 4 inches across, with tufted center, flowering from June to September and attains a height of about 18 inches. Splendid for cutting purposes.

Japonica—Bright blue flowers, flowering from July until September and growing 2 feet high.

Scabiosa House's Hybrids—Splendid new types imported this season, in shades of blue and with many variations in form. The price on same is 50c per plant or \$5.00 per dozen.

*SEDUM (Stonecrop)

***Hispanicum Minus**—A delightfully compact form of *S. Lydium* *Glaucum*, like a bit of coral. It is much more permanent than others of this form because it does not fall to pieces after flowering.

***Ibericum**—The foliage is practically evergreen, and this is a most attractive addition to the group of Sedums so widely used in Rock Gardens. Flowers are pink and come into bloom in July and continue until September.

***Kamtschaticum**—Numerous yellow flowers in flat heads. Blooms late Summer. 6 inches high.

***Reflexum**—Small yellow flowers. 8 to 10 inches high.

***Spectabile**—Most popular of all the Sedums, producing large, flat heads of rose colored flowers 2 feet high. Mid-August to mid-September.

***Spectabile Rubrum**—A spinel red form of the *Sedum Spectabile*. Much deeper in color than Roseum.

STOKESIA (The Cornflower Aster)

Cyanea Caerulea—Very large lavender blue flowers blooming from early July until late October—succeeds well in open, sunny position. A very desirable border plant growing about 1½ to 2 feet high.

SIDALCEA

Rosea—An improved variety of a very desirable Border Plant. Lovely rosy pink flowers like miniature Hollyhocks on slender stems, 2½ feet high. Makes a charming combination planted with Delphinium Hybrids and Foxgloves. Begins to flower in June and continues for six weeks.

SPIREAS (Meadowsweet)

Very showy plants, either planted in isolated clumps or intermingled with other herbaceous plants in the hardy border. They thrive well in any rich garden soil, but prefer damp positions. Very decorative with beautiful spikes of flower.

Kriemheilde—One of the most attractive of the late Spiraeas, salmon pink in color.

Queen Alexander—Another very fine pink variety.

Rubens—Very beautiful carmine rose and one of the best liked of the many varieties sent out.

Venus—Is a purplish rose, very tall, late growing variety.

*STATICE (Sea Lavender)

***Latifolia**—A popular border and rockery plant with very glossy leaves and small purplish blue flowers in trusses about 12 inches across, blooming profusely. Height 18 inches.

THALICTRUM (Meadow Rue)

Adiantifolium—One of the most beautiful plants for the garden. The foliage resembles the maiden hair fern and the feathery white flowers are airy and graceful in the garden or in bouquets. Blooms June and July. Height 2 feet. Prefers a rich loam and rather moist place.

THYMUS (Creeping Thyme)

***Serpillum Coccineus**—The favorite Thyme for flagging with its myriad of brilliant crimson blooms during the mid-season. Evergreen and bronzy during the winter.

TROLLIUS LEDEBOURI

***Golden Queen**—One of the best of recent introductions.

A very vigorous variety with unusually large flowers of a rich golden orange color. It flowers profusely both in early Summer and in Autumn. Does best in a deep rich soil with ample moisture. Beautiful planted in bold clumps. Price: 50c each, \$5.00 per dozen.

TUNICA SAXIFRAGA

***Fl. Pl. rosea**—A dancing miniature of the beloved Baby's Breath in double form. Reigning gayly through the heat of the summer. Price: 35c per plant, \$3.50 per dozen.

Veronica

VERONICA (Speedwell)

Longifolia Subsessilis—Also known as the clump Speedwell. This is one of the handsomest of the Veronica type. It has long spikes of a beautiful deep blue and is frequently used as a cut flower. It attains a height of about 2 feet and flowers from July to September. Price: \$5.00 per dozen, \$35.00 per 100.

***Rupestris Heavenly Blue**—The gem of trailing Veronicas. Close cropped leaves lifting a myriad of blue spikes in early spring. Price: 35c per plant, \$3.50 per dozen.

Spicata—Flowers in June and July; magnificent sprays of bright blue flowers growing 1½ to 2 feet high.

***Spicata Rosea**—Delicate pink flowers growing 15 inches high.

***Teucrium**—A creeping variety covered with deep blue flowers in June. Most attractive.

Calluna

VIOLA

- ***Betty**—A new Viola of a lovely pale mauve shade, resembling Maggie Mott, so popular in England. This variety however, is slightly paler in color.
- ***Jersey Gem**—The peerless Viola that blooms from April until snow. Rich, dark violet color, with long stems and a delicious fragrance. It is perfectly hardy and will grow in any good garden soil, but must have full sun for best results.
- ***Jersey King**—A seedling from Jersey Gem, and really a glorified form of the latter. The stem is longer, the flower more perfectly rounded, and the color a shade deeper. In the intensely hot weather the past summer, Jersey King did not let up a single minute when every other Viola including Jersey Gem simply stopped. Price: 35c each, \$3.50 per dozen.
- ***Odorata Rosina**—A small soft pink Violet blooming freely in the Spring and again in the Autumn. Delightfully fragrant. Will grow well in the full sun, but does best in partial shade.
- Mary Emma**—Another fragrant Viola of great beauty. Large yellow flowers slightly ruffled, blooming from early spring until late fall. Stock is very scarce, and we are proud to offer this novelty. Price: \$5.00 per dozen, \$35.00 per 100.
- York Gem**—A very handsome shade of June sky blue, flowering just as freely as Jersey Gem, and a duplicate of this popular variety in every way except color. Price: 50c per plant, \$5.00 per dozen, \$35.00 per 100.

VIOLET

The King's Ermine—A beautiful white hardy garden Violet coming into flower in early April, and continuing to bloom very freely for many weeks. Throat a rich purple.

*VINCA MINOR (Common Periwinkle)

One of the best evergreen ground covers making a thick trailing growth in two years. Blooms quite freely in early Spring and occasionally through the Summer.

Alba—White flowers.

Alpina—A charming new form of the old-time ground cover, and a most welcome addition to the list of plants that will thrive in both sun or partial shade. Vinca Alpina is a more compact type than any of the others, and produces a wealth of Tyrian purple flowers from early spring until fall. Its rich luxuriant foliage is very attractive throughout the year. Price: \$3.50 per dozen, \$25.00 per 100.

Grandiflora—Blue flowers.

YUCCA (Adam's Needle)

Filamentosa—Ornamental foliage and flowering plants. Makes a splendid foil for the delightfully fragrant spikes of creamy white flowers produced during June and July. 5 to 6 feet tall.

UNIQUE HEATHERS FOR THE ROCK GARDEN

This group has been sadly neglected in most gardens. They offer a wealth of beauty with their evergreen foliage and late Summer and Winter bloom. They are hardy and easy, and adapt themselves to most garden conditions with a minimum of care. A good sandy loam with plenty of sand and peat moss, will produce a luxuriant growth of charming beauty.

***Calluna cuprea**—A gay golden heather, burning red with Autumn cold, and producing an abundance of lavender flowers from mid-season until late. Price: 50c each, \$5.00 per dozen, \$35.00 per 100.

*CALLUNA NANA COMPACTA

A handsome dwarf shrublet 6 inches high and with a profusion of small pink bells during July and August. Unaccountably compact. Price: \$5.00 per dozen, \$35.00 per 100.

*ERICA VULGARIS PROSPER

A valuable addition to the E. Vulgaris types. Strong and vigorous with feathery wands of deep green studded with pink bells during July, August and September. 12-18 inches. Price: \$5.00 per dozen, \$35.00 per 100.

*ERICA VULGARIS ALBA

A white form of the above, but a little more dwarf and compact. July and August. Price: \$5.00 per dozen, \$35.00 per 100.

*ERICA MEDITERRANEANA HYBRIDA

This little evergreen heather has a delightful habit of starting its blooms in November and often continuing clear through until May. The bells are deep pink. It is a real acquisition and should be planted in bold masses for striking effect. Price: \$5.00 per dozen, \$35.00 per 100.

***Menziesi alba**—A white form of the Irish Bell Heather blooming from midsummer until late fall. Price: 50c each, \$5.00 per dozen.

*MENZIESI POLIFOLIA

This little Irish bell heather is like a wind blown conifer, eccentric dark green branchlets, and very compact. 8 inches high. Large pendant bells; deep pink, makes this plant a burst of glory during July, August and September. Price: \$5.00 per dozen, \$35.00 per 100.

Totty's Plant Food is unusually safe and reliable, quick in action, vitalizing and effectual.

It is particularly suitable for the culture of flowers grown both outside and under glass. Whether intended for garden effect or exhibition purposes, no finer treatment could be accorded your Roses, Mums, Dahlias, Lilies, Carnations, Bulbs and other floral favorites than frequent applications of Totty's Plant Food made during the growing season.

Equally effective on fruit and vegetables, especially nectarines grown under glass, where a marked improvement is bound to be noted in flavor, crispness and quality.

Totty's Plant Food is packed only in cotton, paper lined, sift proof bags of 100 pound capacity. None genuine except in original branded bags bearing the registered trade-mark shown elsewhere in this folder.

Specify Totty's when in need of a real greenhouse fertilizer or when planning to feed Boxwood, Bay Trees or similar varieties. You will be more than pleased with the results obtained.

Prices: 100 Pound Bag \$8.00, 1/4 Ton Lot \$38.75, 1/2 Ton Lot \$75.00. Ton Lots Quoted on Request.

Vitex

VITEX (Chaste Tree)

Agnus Castus—Gray green star-shaped foliage, producing beautiful rich blue flowers from July to September. Will grow as high as 10 feet if desired, and making a most attractive hedge it can be kept down to whatever height the grower desires by pinching. **Price: 18-21 inch plants, 75c each, \$7.50 per dozen.**

BUDDLEIA MAGNIFICA GIGANTIA

This is a truly regal Buddleia making stems five to six feet long, with an inflorescence of two feet or more. There is an enormous difference of this variety in comparison with the ordinary type. We consider this Buddleia one of the finest novelties ever distributed for the Hardy Garden. **Price: \$1.00 each, \$10.00 per dozen.**

AMPELOPSIS

Ampelopsis Veitchi (Boston or Japanese Ivy)—Useful in city or suburb; its glossy foliage withstands dust and smoke well. Clings to bricks, walls, fences or rocks. Once established forms a dense, rapid growth. Foliage turns to brilliant scarlet, crimson and orange in the Fall. **Price: 3-year-old, 75c each; 2-year-old, 50c each.**

CLEMATIS

Henryi—Best white large flowering. 4 inch pot plants. **Price: 50c each, \$5.00 per dozen.**

Jackmanii—Large flowering purple, 4 inch pot plants. **Price: 50c each, \$5.00 per dozen.**

Mme. Edward Andre—One of the best of the large flowered Clematis. It is hardy and makes a fine growth. The flowers are deep wine red of large size, and borne in great profusion. Pot plants only. Delivery April 15th. 4 inch plants. **Price: 75c each, \$7.50 per dozen.**

Montana Undulata (The Anemone Flowered Clematis)—This gem among Clematis plants is a strong vigorous grower, perfectly hardy and disease proof. The Anemone or Wins-flower-like blooms are white flushed mauve pink. Are from 1½ to 2 inches in diameter, and begin to creep as early as the last week in April, just about

SHRUBS

KOREAN SPIREA (*Spirea trichocarpa*)

This handsome new shrub is a splendid, healthy plant growing when mature, 4 to 6 feet tall and even greater in diameter, forming a big, dome shaped bush, covered in its season with large, rounded clusters of snowy flowers marked with darker eyes.

It is hardy as far north as Montreal.

Price: 3-4 feet, 75c each, \$7.50 per dozen; 18-24 inches, 50c each, \$5.00 per dozen.

BEAUTYBUSH (*Koklwitzia amabilis*)

An exceedingly handsome ornamental shrub. The foliage and habit are attractive when the bush is out of flower and it is perfectly hardy as far north as Montreal.

It grows 6 to 9 feet high when mature and as much through; erect and twiggy, producing long, arching branches covered in Spring with clusters of small, tubular flowers of the Honeysuckle type, borne in such profusion that the bush is one cloud of delicate pink. **Price: 3-4 feet, 75c each, \$7.50 per dozen; 18-24 inches, 50c each, \$5.00 per dozen.**

BUDDLEIA ILE DE FRANCE

This new variety of Buddleia, a French introduction, will quickly replace the older varieties of this Shrub, which have been popular for so many years, it being superior not only in its brilliant coloring, longer, more graceful spikes of bloom but also in its more uniform habit of growth.

The plant attains a height of from 3 to 4 feet, forming a symmetrical, bushy Shrub, every growth of which is terminated by a raceful, cylindrical, 6 to 9 inch long spike of fragrant flowers of a brilliant, rosy, violet-purple color. In bloom from the latter part of July to late in September. 3 inch pots.

Price: 50c each, \$5.00 per dozen, \$35.00 per 100.

RED BARBERRY

It is similar in all respects to the green Barberry, but the foliage is rich bronzy red, similar to the red leaf Japanese Maple. Must be grown in the full sun.

This variety becomes more brilliant and gorgeous throughout the Summer, and after all the leaves have disappeared in the Winter, it is covered with brilliant scarlet berries, which remain on the plant the entire Winter. Three-year-old plants, three feet high, twenty-four inches across. **Price: 2-year-old plants, 35c each, \$3.00 per dozen; 3-year-old plants, 50c each, \$5.00 per dozen.**

CLIMBING VINES

the time when Wisterias have finished, continuing to bloom well through May, and are very prolific. **Price: 1-year-old field grown or 4 inch pot plants, 50c each, \$5.00 per dozen; 2-year-old field grown plants, 75c each, \$7.50 per dozen.**

Paniculata (Japanese Virgins-bower)—A very satisfactory flowering vine. Perfectly hardy of strong rapid growth, attractive, glossy foliage producing a profusion of white, fragrant, flowers in August and September. Also useful as a trailer on rocky slopes and banks. **Price: 50c each, \$5.00 per dozen.**

Ramona—Large flowering bright blue. 4 inch pots. **Price: 50c each, \$5.00 per dozen.**

ENGLISH IVY

English Ivy—There is nothing superior to English Ivy growing over old stumps or on stone walls. Splendid 4 inch pots. **Price: 35c each, \$3.00 per dozen, \$20.00 per 100.**

LONICERA

Lonicera Halliana (Hall's Evergreen Honeysuckle)—One of the best vines for all purposes, blooms from early Summer to frost. Flowers yellow and white with a delightful fragrance. Very vigorous grower. Splendid covering for banks and slopes. 2-year-old plants. **Price: 50c each, \$3.50 per dozen.**

Royal Dutch

Paul Pfitzer

NOVELTY DAHLIA INTRODUCTIONS FOR 1936

Amalie Trui—(Formal Decorative). A sensational new variety of vigorous growth carrying magnificent, large flowers of perfect form. The blooms measure 10 inches across. They are a pure buff with a faint feathering of carmine blending them into a beautiful salmon-rose color. Of dwarf habit with vigorous, long and strong flower stems. **Price: \$2.50 each per plant, \$25.00 per dozen.**

Ballego's Glory—A very interesting Formal Decorative Dahlia of medium size. Of compact growth and very vigorous. The flowers are a beautiful combination of scarlet and gold. **Price: \$1.00 each per plant, \$10.00 per dozen.**

Phantom—(Formal Decorative). Broad, long petals of a deep violet purple with a long white tip. A very large flower on a vigorous upright stem. **Price: \$3.00 each per plant, \$30.00 per dozen.**

Royal Dutch—(Informal Decorative). Large full double flowers with

broad petals. A tawny apricot orange heavily suffused with carmine rose. The reverse of the petals is pale old rose. A striking autumn-colored variety with strong stiff stems. Very free and vigorous. **Price: \$2.50 each per plant, \$25.00 per dozen.**

Franz Berger—(Recurved or Straight Cactus). Very large double flowers produced freely on very long stiff and wiry stems. Unusually attractive with its narrow, twisted bright scarlet petals with a rosy flesh reverse. The Blooms measure 8 to 10 inches in diameter. **Price: \$2.50 each per plant, \$25.00 per dozen.**

Paul Pfitzer—A straight Cactus Dahlia with magnificent giant flowers which are borne most freely on strong wiry stems. The color of the dainty, graceful petals is a tender rose with a lovely suffusion of lilac. Towards the base the petals are yellow. It is without question one of the finest introductions of recent years. **Price: \$1.00 each per plant, \$10.00 per dozen.**

ADDRESS ALL CORRESPONDENCE TO "TOTTY'S, MADISON, NEW JERSEY"

Scarlet

DAHLIAS

ORCHID FLOWERING

**Price: 3 plants 75c, \$3.00 per dozen,
\$20.00 per 100**

Used as a cut flower on a dinner or luncheon table, or in vases around a room, their graceful airiness is most pronounced. They are of the earliest possible culture, if they are planted and allowed to grow naturally, and will produce wonderful bushy plants, two to three feet in height, literally covered with blossoms. Trimmed, back three or four main stems to a plant, and staked, larger sprays and better flowers will be produced. The graceful curve of the petal prompted the name Orchid Flowering.

Beaver—Crimson maroon with light-tipped narrow florets and lighter center. 3 feet.

Crimson Glow—Wonderful shade of clear crimson, one of the finest in the collection.

Everest—Pure white throughout, long graceful recurving florets, good size. 3 feet.

Fawn—A lovely fawn shade with reddish reverse, a ladies' color. 3 feet.

Firefly—Yellow ground with vermillion scarlet reverse, most attractive. 3 feet.

Goldfinch—Yellow ground, mottled with red crimson reverse, a charming flower. 4 feet.

Ibis—Buff ground, with peach-red reverse, overlaid nopal red. 3 feet.

Peach—Buff ground mottled with red, fiery red reverse, narrow florets. 3 feet.

Polly—Yellow ground with intense red reverse. 4 feet.

Ruby—Light ground mottled with ruby, rich ruby reverse. 3½ feet.

Starfish—Pale flesh ground with ruby reverse. 3 feet.

MIGNON DAHLIAS

To meet the wishes of a great number of customers who wish to carry out individual color schemes in the garden, we have the following list of individual named Mignon Dahlias to offer them with their respective colors. These Dahlias are the delight of all the visitors to our gardens and are greatly admired by everyone who sees them. Plants do not attain a height of over 15 inches and some of them carry as high as 65 flowers open on the plant at one time. These Dahlias when grown naturally and used purely for decorative purposes must not be over-fed because feeding them will cause them to run into rampant growth and produce less flowers.

Green plants only. Delivered April 15 onwards. **Price: 50c each, \$5.00 per dozen, \$35.00 per 100.**

Innocence—Purest possible white with perfect flowers produced in immense masses.

Golden Sunbeams—A cheerful yellow variety making a nice spot of color in the garden and a beautiful subject.

Bronze Angel—A lovely shade of bronze, particularly striking in the fall as it blends so well with Autumn foliage and the tints peculiar to that season.

Cardinal's Cloak—An odd shade of deep pink, shading even deeper towards the center.

Maroon Abundance—One of the most vivid colors in the entire set. A shade of color not often seen in garden flowers.

Scarlet Soldier—Identically the same shade of scarlet as appears on the coats of the guards in Buckingham Palace. Gorgeously striking color that can be seen at considerable distance.

ASSORTED COLLECTION

These are unsurpassed for border plants where quantities of flowers are required during the summer months. These single Dahlias attain a height of 15 to 18 inches and begin to flower in late June continuing doing so until early frost. The following separate colors are listed above—white, pink, bronze, red, yellow, etc., but if you are looking for a great deal of color in the garden throughout the summer months, we unhesitatingly recommend this collection of Mignon Dahlias. **Price: 35c per plant, \$3.00 per dozen, \$20.00 per 100.**

TERMS OF SALE

This Price List Cancels All Previous Quotations

"ORDER EARLY." We suggest "ordering early" because our stocks are complete and you may be sure of receiving the best plants from "early orders." We frequently receive orders late in the season when certain stocks are depleted and this can be avoided by "ordering early!"

Delivery will be made on all orders at the proper time for planting, providing no specific date is mentioned when ordering.

Plants that have grown too large or it is not safe to move at a particular season, we will reserve and ship to you at the proper time.

Remittances should be made by check, post office order, or express order. When it is not convenient to remit in this way the letter should be registered. We will not be responsible for the receipt of money not registered. On all shipments by parcel post the postage will be charged for.

Be sure that both postal and express address is mentioned, as frequently shipments requested to be sent by parcel post must be shipped by express, on account of overweight when ready for delivery.

Orders for less than \$5.00 must be paid for in advance, and when cash accompanies order, a discount of 3% is allowed from the total amount of the order.

Accounts unpaid within 30 days are subject to sight draft without further notice and interest will be charged after that time.

Orders from customers in foreign countries must in all cases be accompanied by cash.

While we exercise every care in packing and have confidence in the safe arrival of shipments, all goods are forwarded at the purchaser's risk.

If found unsatisfactory on arrival they must be returned to us immediately. Complaints on goods will not be accepted later than 30 days after their arrival, and no adjustment will be made after that time.

We endeavor to keep our plants true to name and have them satisfactory for the customer, but will not be responsible for failure from causes over which we have no control; such as, unfavorable weather conditions, careless culture, improper soil, etc.; and assume no responsibility after stock is delivered to our customer in good condition.

If the customer does not wish to accept the shipment under these conditions, we ask that the plants be returned to us immediately.

PLEASE NOTE: It is not unusual for us to receive orders without any signature or identification mark attached, so customers who do not get a response to their correspondence or orders within a reasonable time, please write again, enclosing copy of letter or order, so we may be able to trace same quickly.

Not less than three plants of one variety will be sold at the dozen rate, nor less than twenty-five at the hundred rate. We are sometimes asked to send one hundred plants in about thirty varieties at the hundred price. We will not send less than twenty-five of one variety at the hundred rate, as it takes considerable time to select one hundred plants in twenty or thirty varieties, and we must charge for the same accordingly.
